Women in Texas History: Celebrating the Trailblazers and Unsung Heroines

**women in texas history** have played pivotal roles in shaping not only the Lone Star State but also the broader narrative of America. From the earliest days of settlement through the fight for independence, and into modern times, Texas women have been leaders, activists, artists, educators, and pioneers. Their stories often blend courage, resilience, and determination, revealing a rich tapestry that deserves attention and celebration.

## The Early Foundations: Women Pioneers and Settlers

When we think about the rugged frontier of Texas in the 18th and 19th centuries, images often emerge of cowboys, soldiers, and politicians. However, women were equally critical in establishing communities and sustaining families during those challenging times. Many women endured harsh conditions, from natural disasters to conflicts with Native American tribes, all while managing homesteads and raising children.

## The Role of Women During the Texas Revolution

Women's contributions during the Texas Revolution (1835-1836) are often overlooked but undeniably crucial. Women like Susanna Dickinson became emblematic figures after surviving the fall of the Alamo, carrying firsthand accounts of the battle to rally Texan forces. Others took up arms, served as nurses, or managed supplies for the Texan army. Their involvement helped sustain the morale and physical needs of the revolutionaries.

## Women Leaders and Activists in Texas History

As Texas evolved, so did the roles of women, particularly in the realms of social reform, education, and politics. Women in Texas history have been at the forefront of movements like suffrage, civil rights, and labor reforms.

## The Fight for Women's Suffrage in Texas

The early 20th century brought significant shifts. Texas women played a vital role in the suffrage movement, advocating tirelessly for the right to vote. Figures such as Minnie Fisher Cunningham emerged as prominent leaders, organizing campaigns and lobbying lawmakers. Their relentless efforts culminated in Texas becoming the first Southern state to ratify the 19th Amendment in 1919, a landmark victory in the broader fight for women's voting rights.

## **Trailblazing Women in Texas Politics**

Women's political involvement expanded dramatically after suffrage was achieved. Edith Wilmons became the first woman elected to the Texas Legislature in 1922, breaking barriers in a male-dominated arena. Since then, many Texas women have held influential offices, shaping policies on education, healthcare, and civil rights, reflecting the growing empowerment of women in Texas history.

## **Cultural Icons and Artists: Women Shaping Texas' Identity**

Beyond politics and activism, women in Texas history have made lasting contributions to the arts, literature, and culture, enriching the state's unique identity.

## **Literary Pioneers and Storytellers**

Texas women writers have captured the spirit and struggles of the region with evocative storytelling. Authors like Kate Chopin, though born in Louisiana, had strong Texas connections and explored themes of women's independence and societal constraints. Contemporary writers such as Sandra Cisneros have continued this tradition, bringing the diverse experiences of Texan women to a wider audience.

## **Music and Performance**

Texas has a rich musical heritage, and women have been at the heart of it. From folk singers to country stars, women like Janis Joplin and Willie Nelson's frequent collaborators have left an indelible mark on the music scene. Their voices not only entertained but also challenged norms and inspired generations.

## **Education and Social Reform: The Unsung Heroines**

Education was a crucial arena where women in Texas history dedicated themselves to progress. Many were teachers, administrators, and reformers, advocating for better schools and equal opportunities.

## **Founding Schools and Colleges**

Women were instrumental in founding and leading educational institutions across Texas. For example, Mary Austin Holley, a historian and educator, documented early Texas history while

promoting education. Later, women such as Kate Moore Brown championed public education, pushing for higher standards and access for marginalized communities.

## **Advocacy for Social Justice**

Women in Texas also spearheaded social reform movements addressing issues like child welfare, temperance, and racial equality. Organizations led by women worked to improve living conditions and combat discrimination, laying the groundwork for future civil rights advances.

## **Remembering the Diverse Experiences of Texas Women**

The stories of women in Texas history are not monolithic. Indigenous women, Hispanic women, African American women, and immigrant women have each shaped the state's history in unique ways, often facing intersecting challenges.

## **Indigenous Women's Roles**

Before European settlement, indigenous women were leaders, healers, and keepers of cultural traditions. Their resilience and adaptations amid colonization are essential parts of Texas history that deserve recognition.

## **Latina and African American Women's Impact**

Latina women like Jovita Idar fought for civil rights and education, challenging both gender and racial barriers. African American women in Texas, such as Hortense Sparks Ward, became advocates for voting rights and legal reforms, contributing significantly to the fight against segregation and discrimination.

## **Modern Texas Women: Continuing a Legacy of Leadership**

Today, the legacy of women in Texas history is alive and thriving. Women lead in every sector — from business and politics to science and the arts — continuing the tradition of breaking new ground.

## **Contemporary Leaders and Innovators**

Modern Texas women such as Beto O'Rourke's sister, Erin O'Rourke, advocate for social causes, and

entrepreneurs like Kimberly-Clark's executives showcase the evolving role of women in shaping Texas' future. Their stories inspire younger generations to embrace leadership and community engagement.

## **Preserving Women's History in Texas**

Efforts to document and celebrate women in Texas history have grown, with museums, historical societies, and educational programs highlighting their achievements. Visiting places like the Texas Women's Hall of Fame offers valuable insights and inspiration for anyone interested in the state's rich female heritage.

Exploring the lives and contributions of women in Texas history reveals a vibrant and essential part of the state's identity. Their courage, creativity, and commitment continue to influence Texas today, reminding us that history is enriched when all voices are heard.

## **Frequently Asked Questions**

### **Who was Oveta Culp Hobby and what was her significance in Texas history?**

Oveta Culp Hobby was a pioneering woman from Texas who served as the first director of the Women's Army Corps during World War II and later became the first Secretary of the Department of Health, Education, and Welfare. She played a significant role in advancing women's roles in the military and government.

### **What contributions did Barbara Jordan make to Texas and American history?**

Barbara Jordan was a prominent Texas politician and civil rights leader. She was the first African American woman from the South elected to the U.S. House of Representatives and is known for her powerful speeches during the Watergate hearings and her advocacy for social justice and equality.

### **How did Miriam 'Ma' Ferguson impact Texas politics?**

Miriam 'Ma' Ferguson was the first female governor of Texas, serving two non-consecutive terms in the 1920s and 1930s. She was the first woman to be elected governor of a U.S. state twice and played a crucial role in shaping Texas politics during her tenure.

### **Who was Bessie Coleman and what is her legacy in Texas history?**

Although not born in Texas, Bessie Coleman spent part of her early life there and became the first African American woman and Native American to hold a pilot license. Her legacy in Texas history is as a trailblazer for women and minorities in aviation.

# What role did Texas women play in the Texas Revolution?

Texas women played vital roles during the Texas Revolution by supporting soldiers as nurses, spies, and fundraisers. Notable women like Susanna Dickinson helped preserve important accounts of the Battle of the Alamo, contributing to Texas' fight for independence.

## How have Texas women influenced the state's cultural and social development?

Texas women have significantly influenced the state's cultural and social development through leadership in education, arts, civil rights, and politics. Women like Janie Meredith and Lady Bird Johnson have contributed to preserving Texas heritage and promoting environmental conservation.

## Additional Resources

Women in Texas History: Pioneers, Leaders, and Trailblazers

**women in texas history** have played an indispensable role in shaping the cultural, political, and social landscape of the state. From the early days of colonization through the modern era, their contributions have ranged across various spheres including education, activism, politics, and the arts. Despite often being overlooked in mainstream historical narratives, these women have been pivotal in defining Texas's unique identity and legacy. This article aims to provide a comprehensive, analytical review of the influence and impact of women throughout Texas history, highlighting key figures, movements, and the evolving challenges they faced.

## Historical Context and Early Contributions

The story of women in Texas history begins long before Texas became a state. Indigenous women, such as those from the Caddo, Karankawa, and Comanche tribes, were central to their communities' survival and cultural continuity. Their roles often encompassed leadership, spiritual guidance, and economic activities, laying early foundations for women's influence in the region.

During the Spanish and Mexican periods, women settlers and ranchers contributed to the establishment of missions and haciendas, managing households and sometimes engaging in landownership. As Anglo-American settlers arrived in the 19th century, women's roles expanded, albeit within a patriarchal society that limited their legal rights.

## Women in the Texas Revolution

Women's participation during the Texas Revolution (1835–1836) is a significant aspect of women in Texas history. Figures such as Emily West, also known as "The Yellow Rose of Texas," are credited with helping secure Texan independence, though her exact role remains subject to historical debate. Women served as nurses, spies, and caretakers, supporting soldiers and maintaining homes in turbulent times.

Despite the male-dominated narrative of the revolution, these contributions were critical. Their efforts ensured the functionality of settlements and provided morale and logistical support to the Texan army, underscoring the multifaceted roles women played in pivotal historical moments.

## **Political Engagement and Suffrage Movement**

The late 19th and early 20th centuries marked a turning point for women in Texas history, especially regarding political rights. Texas women were active in the suffrage movement, advocating for the right to vote and greater societal participation. The Texas Equal Suffrage Association, established in 1903, spearheaded campaigns to educate the public and lobby lawmakers.

In 1918, Texas became the first Southern state to grant women the right to vote in primary elections, a critical step preceding the national ratification of the 19th Amendment in 1920. Leaders like Minnie Fisher Cunningham emerged as prominent suffragists, tirelessly working to expand women's political influence.

## **Challenges and Progress Post-Suffrage**

Even after securing voting rights, women in Texas faced systemic barriers to political office and equal representation. Societal expectations often confined women to domestic roles, limiting their access to leadership positions. However, over time, women began breaking these constraints, with figures such as Miriam A. Ferguson becoming the first female governor of Texas in 1925.

The progression was gradual, with women increasingly entering professions like education, law, and healthcare. The rise of women in political and professional arenas during the mid-20th century signified a shift in public attitudes and opened pathways for future generations.

## **Women in Education and Social Reform**

Education has been a central domain where women in Texas history have exerted significant influence. From pioneering teachers in frontier schools to university founders, women's contributions to education helped shape Texas's intellectual and cultural development.

## **Key Figures in Education**

Addie McFarland, one of the earliest educators in Texas, and Kate Moore Brown, who advocated for bilingual education, are notable examples of women who advanced schooling opportunities, particularly for marginalized communities. The establishment of institutions like Texas Woman's University in 1901 underscored the growing commitment to women's higher education.

## **Social Reform and Advocacy**

Women's involvement in social reform movements also marked Texas history. They championed causes such as temperance, child welfare, and labor rights. Organizations like the Texas Federation of Women's Clubs played a vital role in advocating for improved public health, sanitation, and education reforms.

These efforts reflect the expanding public roles women assumed beyond the domestic sphere, positioning themselves as agents of societal change and community development.

## **Women in Texas Arts and Culture**

The cultural fabric of Texas has been richly woven with the contributions of women artists, writers, and performers who have documented and shaped the state's diverse heritage.

### **Literature and Visual Arts**

Women writers such as O. Henry's contemporary Kate Chopin and later authors like Sandra Cisneros have explored themes of identity, gender, and cultural conflict in their works. Their narratives offer nuanced perspectives on Texas life and its evolving social dynamics.

Visual artists like Elisabet Ney broke barriers in a male-dominated field, producing influential sculptures that remain iconic symbols of Texan history and pride.

### **Music and Performance**

Women in Texas history have also been instrumental in the state's vibrant music scene, contributing to genres such as country, blues, and Tejano music. Artists like Selena Quintanilla-Pérez not only achieved national fame but also elevated the cultural significance of Texan and Mexican-American identities.

## **Contemporary Impact and Ongoing Challenges**

In recent decades, women in Texas history continue to forge new paths in politics, business, science, and activism. Figures such as Ann Richards, the outspoken and charismatic governor in the 1990s, exemplify the growing influence of women leaders.

However, challenges persist. Gender disparities in pay, representation in STEM fields, and political office remain areas requiring attention. Moreover, women of color often face compounded obstacles due to intersecting social and economic factors.

## Current Initiatives and Future Directions

Various organizations and initiatives aim to document, celebrate, and empower women's contributions in Texas. Museums, historical societies, and academic programs increasingly focus on inclusive histories that recognize the diversity and complexity of women's experiences.

These efforts not only preserve the past but also inspire future generations of women to participate fully in shaping Texas's future.

The narrative of women in Texas history is one of resilience, innovation, and leadership. Their multifaceted roles across different eras underscore the importance of inclusive historical perspectives that acknowledge and honor their indispensable contributions to Texas's identity and progress.

**women in texas history: Women in Texas History** Angela Boswell, 2018-10-15 Winner, 2019 Liz Carpenter Award, sponsored by the Texas State Historical Association (TSHA) In recent decades, a small but growing number of historians have dedicated their tireless attention to analyzing the role of women in Texas history. Each contribution—and there have been many—represents a brick in the wall of new Texas history. From early Native societies to astronauts, *Women in Texas History* assembles those bricks into a carefully crafted structure as the first book to cover the full scope of Texas women's history. By emphasizing the differences between race and ethnicity, Angela Boswell uses three broad themes to tie together the narrative of women in Texas history. First, the physical and geographic challenges of Texas as a place significantly affected women's lives, from the struggles of isolated frontier farming to the opportunities and problems of increased urbanization. Second, the changing landscape of legal and political power continued to shape women's lives and opportunities, from the ballot box to the courthouse and beyond. Finally, Boswell demonstrates the powerful influence of social and cultural forces on the identity, agency, and everyday life of women in Texas. In challenging male-dominated legal and political systems, Texan women shaped (and were shaped by) class, religion, community organizations, literary and artistic endeavors, and more. *Women in Texas History* is the first book to narrate the entire span of Texas women's history and marks a major achievement in telling the full story of the Lone Star State. Historians and general readers alike will find this book an informative and enjoyable read for anyone interested in the history of Texas or the history of women.

**women in texas history: Black Women in Texas History** Bruce A. Glasrud, Merline Pitre, 2008-03-03 Though often consigned to the footnotes of history, African American women are a significant part of the rich, multiethnic heritage of Texas and the United States. Until now, though, their story has frequently been fragmented and underappreciated. *Black Women in Texas History* draws together a multi-author narrative of the experiences and impact of black American women from the time of slavery until the recent past. Each chapter, written by an expert on the era,

provides a readable survey and overview of the lives and roles of black Texas women during that period. Each provides careful documentation, which, along with the thorough bibliography compiled by the volume editors, will provide a starting point for others wanting to build on this important topic. The authors address significant questions about population demographics, employment patterns, family and social dimensions, legal and political rights, and individual accomplishments. They look not only at how African American women have been shaped by the larger culture but also at how these women have, in turn, affected the culture and history of Texas. This work situates African American women within the context of their times and offers a due appreciation and analysis of their lives and accomplishments. Black Women in Texas History is an important addition to history and sociology curriculums as well as black studies and women's studies programs. It will provide for interested students, scholars, and general readers a comprehensive survey of the crucial role these women played in shaping the history of the Lone Star State.

**women in texas history:** Women and Texas History Fane Downs, Nancy Baker Jones, 1993 Women have long made significant contributions to Texas history. Only in recent years, however, has their part in that history begun to be told. The great strides made in Texas women's studies are reflected in this important new book of essays about women and their many roles in the history of our state. In October 1990, the Texas State Historical Association sponsored a conference, Women and Texas History, which brought together some of the leading scholars in the field of women's studies. This highly successful conference -- attended by hundreds and awarded recognition for its excellence by the AASLH -- produced a raft of exciting presentations which demonstrated the vigorous quality and growth of women's studies in and about Texas. Women and Texas History includes thirteen of the best presentations at the conference. This milestone publication, notes Fane Downs in her introduction to Women and Texas History, represents the emerging maturity of the field of Texas women's history; moreover, these essays add significantly to our knowledge of the complex and diverse history of Texas. This ground-breaking volume will be of interest to students, scholars, and general readers, and is well adapted to classroom use. Publication of this book was made possible in part by grants from the RGK Foundation of Austin and the Texas Committee for the Humanities, a state program of the National Endowment for the Humanities.

**women in texas history:** The Alcalde , 1981-07 As the magazine of the Texas Exes, The Alcalde has united alumni and friends of The University of Texas at Austin for nearly 100 years. The Alcalde serves as an intellectual crossroads where UT's luminaries - artists, engineers, executives, musicians, attorneys, journalists, lawmakers, and professors among them - meet bimonthly to exchange ideas. Its pages also offer a place for Texas Exes to swap stories and share memories of Austin and their alma mater. The magazine's unique name is Spanish for mayor or chief magistrate; the nickname of the governor who signed UT into existence was The Old Alcalde.

**women in texas history:** Eavesdropping on Texas History Mary L. Scheer, 2017-02-15 Most writers and readers of history have at one time or another wished that they could have been at some particular defining event in history. Whether it was a moment of a great decision, a major turning point that changed everything, or simply an intriguing occurrence, many scholars and others have on occasion wished that they "could have been there." Texas history provides infinite Lone Star episodes to consider, rooted in the widespread assumption that Texas is a colorful, unique, and exceptional place with larger-than-life heroes and narratives. Mary L. Scheer has assembled fifteen contributors to explore special moments in Texas history. The contributors assembled for this anthology represent many of the "all stars" among Texas historians: two State Historians of Texas, two past presidents of TSHA, four current or past presidents of ETHA, two past presidents of WTHA, nine fellows of historical associations, two Fulbright Scholars, and seven award-winning authors. Each is an expert in his or her field and provided in some fashion an answer to the question: At what moment in Texas history would you have liked to have been a "fly on the wall" and why? The choice of an event and the answers were both personal and individual, ranging from familiar topics to less well-known subjects. One wanted to be at the Alamo. Another chose to explore when Sam Houston refused to take a loyalty oath to the Confederacy. One chapter follows the first twenty-four hours of

Lyndon Baines Johnson's presidency after Kennedy's assassination. Others write about the Dust Bowl coming to Texas, or when Texas Southern University was created. Their respective essays are not written as isolated occurrences or "moments," but as causal developments presented within the larger social and political context of the period.

**women in texas history:** Texas Women Elizabeth Hayes Turner, Stephanie Cole, Rebecca Sharpless, 2015-01-15 *Texas Women: Their Histories, Their Lives* engages current scholarship on women in Texas, the South, and the United States. It provides insights into Texas's singular geographic position, bordering on the West and sharing a unique history with Mexico, while analyzing the ways in which Texas stories mirror a larger American narrative. The biographies and essays illustrate an uncommon diversity among Texas women, reflecting experiences ranging from those of dispossessed enslaved women to wealthy patrons of the arts. That history also captures the ways in which women's lives reflect both personal autonomy and opportunities to engage in the public sphere. From the vast spaces of northern New Spain and the rural counties of antebellum Texas to the growing urban centers in the post-Civil War era, women balanced traditional gender and racial prescriptions with reform activism, educational enterprise, and economic development. Contributors to *Texas Women* address major questions in women's history, demonstrating how national and regional themes in the scholarship on women are answered or reconceived in Texas. Texas women negotiated significant boundaries raised by gender, race, and class. The writers address the fluid nature of the border with Mexico, the growing importance of federal policies, and the eventual reforms engendered by the civil rights movement. From Apaches to astronauts, from pioneers to professionals, from rodeo riders to entrepreneurs, and from Civil War survivors to civil rights activists, the subjects of *Texas Women* offer important contributions to Texas history, women's history, and the history of the nation.

**women in texas history:** *The History of Texas*, 2014-01-28 *The History of Texas* is fully revised and updated in this fifth edition to reflect the latest scholarship in its coverage of Texas history from the pre-Columbian era to the present. Fully revised to reflect the most recent scholarly findings Offers extensive coverage of twentieth-century Texas history Includes an overview of Texas history up to the Election of 2012 Provides online resources for students and instructors, including a test bank, maps, presentation slides, and more

**women in texas history:** Women and the Texas Revolution Mary L. Scheer, 2012 Historically, wars and revolutions have offered politically and socially disadvantaged people the opportunity to contribute to the nation (or cause) in exchange for future expanded rights. Although shorter than most conflicts, the Texas Revolution nonetheless profoundly affected not only the leaders and armies, but the survivors, especially women, who endured those tumultuous events and whose lives were altered by the accompanying political, social, and economic changes.

**women in texas history:** *Encyclopedia of Women in the American West* Gordon Moris Bakken, Brenda Farrington, 2003-06-26 Click 'Additional Materials' for downloadable samples This is a sound purchase for college and university libraries with women's studies or American West programs as well as for large public libraries. --BOOKLIST This is the first encyclopedia to focus on this neglected group. . . . There is a clear need for this encyclopedia . . . recommended for academic and public libraries and all libraries with a special interest in the western region and women's studies. --LIBRARY JOURNAL A highly educational and enlightening resource, the *Encyclopedia of Women in the American West* is a core recommendation for academic and public library American Western History Studies and Women's Studies reference collections, as well as an invaluable resource for writers and non-specialist general readers with an interest in studying women's experiences and contributions to American society and culture. --THE MIDWEST BOOK REVIEW Unites the American West and Women's History American women have followed their manifest destiny since the 1800's, moving West to homestead, found businesses, author novels and write poetry, practice medicine and law, preach and perform missionary work, become educators, artists, judges, civil rights activists, and many other important roles spurred on by their strength, spirit, and determination. *Encyclopedia of Women of the American West* captures the lives of more than 150 women who made

their mark from the mid-1800s to the present, contextualizing their experiences and contributions to American society. Including many women profiled for the first time, the encyclopedia offers immense value and interest to practicing historians as well as students and the lay public. Multidisciplinary and Multicultural Cowgirls, ranchers, authors, poets, artists, judges, doctors, educators, and reformers--although these women took many different paths, they are united in their role in history, fighting not only for women's rights, but equal rights for all in this rich and promised land. The Encyclopedia of Women in the American West chronicles the work of Native American activists such as Mildred Imach Cleghorn, and Sarah Winnemucca, the champion of rights of indigenous peoples who established Nevada's first school for Native Americans in 1884. The encyclopedia also explores the stories of early ranchers. Among them is Freda Ehmann, who founded the California Ripe Olive Association where, according to her grandson, science and chemical exactness failed, the experience and care of a skillful and conscientious housewife succeeded. Women in the American West have long thrived in the arts. This is evidenced by the work of authors such as Pulitzer Prize winner Willa Cather, Amy Tan, and Linda Hasselstrom, poets such as Hildegard Flanner, and journalist Molly Ivins. All are profiled in this comprehensive work. The arts are used to address both aesthetic and serious societal issues such as Maxine Hong Kingston's *The Woman Warrior*, the story of a woman's struggle with identity as a minority in American culture. Academics will appreciate a study of Ruth Underhill's *Autobiography of a Papago Woman*, which deals with the role of feminist ideology in changing the discipline of anthropology during the first part of the twentieth century. Women in the American West have also achieved many firsts such as Utah's Ivy Baker Priest, the first woman to hold the office of Treasurer of the United States, and Georgia Bullock, the first woman judge in the State of California. The Many Roles of Women in the American West The Encyclopedia of Women in the American West covers nine diverse topical categories: Agriculture/Ranching Arts and Letters Education Entrepreneurs Law Pioneers Public Performance Religion Women's organizations The West is often portrayed as a rough and tumble man's world, but behind these men--and often independently--were women with the dreams, strength, and determination to make a difference. The Encyclopedia of Women in the American West is a tribute to their independence, intelligence, courage, spirit, perseverance, and daring. Key Features Authoritative and in-depth articles on a wide range of salient issues in women's history Suggested readings and interpretive materials for every entry Bridges two perennially popular areas of academic and lay interest: the American West and women's history Developed and priced to appeal to high school and public libraries as well as academic libraries Recommended Libraries Public, school, academic, special, and private/corporate

**women in texas history: Black Texas Women: A Sourcebook** Ruthe Winegarten, 2014-08-27 A collection of over 250 documents, fifty biographical sketches, and a timeline that served as the basis for *Black Texas Women: 150 Years of Trial and Triumph*. When *Black Texas Women: 150 Years of Trial and Triumph* was published in 1995, it was acclaimed as the first comprehensive history of black women's struggles and achievements. This companion volume contains the original source materials that Ruthe Winegarten uncovered during her extensive research. Like a time capsule of black women's history, *A Sourcebook* includes petitions from free women of color, lawsuits, slave testimonies, wills, plantation journals, club minutes, autobiographies, ads, congressional reports, contracts, prison records, college catalogues, newspaper clippings, protest letters, and much more. In addition to the documents, a biographical section highlights the lives of women from various walks of life. The book concludes with a timeline that begins in 1777 and reaches to 1992. This wealth of original material will be a treasure trove for scholars and general readers interested in the emerging field of black women's history. "One of its kind. This book is very much needed because of the scarcity of material on Black women's history in Texas, or Black women's history in general." —Linda Reed, Associate Professor of History and Director, African American Studies Program, University of Houston "Though readers of conscience are aware of the abuses endured by Black women, no fiction or interpretation in nonfiction can have the impact of original sources." —Review of Texas Books

**women in texas history: Black Women in Texas History** Bruce A. Glasrud, Merline Pitre,

2008 Though often consigned to the footnotes of history, African American women are a significant part of the rich, multiethnic heritage of Texas and the United States. Until now, though, their story has frequently been fragmented and underappreciated. *Black Women in Texas History* draws together a multi-author narrative of the experiences and impact of black American women from the time of slavery until the recent past. Each chapter, written by an expert on the era, provides a readable survey and overview of the lives and roles of black Texas women during that period. Each provides careful documentation, which, along with the thorough bibliography compiled by the volume editors, will provide a starting point for others wanting to build on this important topic. The authors address significant questions about population demographics, employment patterns, family and social dimensions, legal and political rights, and individual accomplishments. They look not only at how African American women have been shaped by the larger culture but also at how these women have, in turn, affected the culture and history of Texas. **women in texas history: Higher Education in Texas** Charles R. Matthews, 2018-02-15  
Higher Education in Texas is the first book to tell the history, defining events, and critical participants in the development of higher education in Texas from approximately 1838 to 1970. Charles Matthews, Chancellor Emeritus of the Texas State University System, begins the story with the land grant policies of the Spanish, Mexicans, Republic of Texas, and the State of Texas that led to the growth of Texas. Religious organizations supplied the first of many colleges, years before the Texas Legislature began to fund and support public colleges and universities. Matthews devotes a chapter to the junior/community colleges and their impact on providing a low-cost education alternative for local students. These community colleges also played a major role in economic development in their communities. Further chapters explore the access and equity in educating women, African Americans, and Hispanics.

**women in texas history: Black Texas Women: 150 Years of Trial and Triumph** Ruthe Winegarten, 2010-07-22 "Enriches and complicates African American and women's history by connecting threads of race, gender, class, and region." —Darlene Clark Hine, John A. Hannah Professor of History, Michigan State University Winner of the Liz Carpenter Award from the Texas State Historical Association Women of all colors have shaped families, communities, institutions, and societies throughout history, but only in recent decades have their contributions been widely recognized, described, and celebrated. This book presents the first comprehensive history of Black Texas women, a previously neglected group whose 150 years of continued struggle and some successes against the oppression of racism and sexism deserve to be better known and understood. Beginning with slave and free women of color during the Texas colonial period and concluding with contemporary women who serve in the Texas legislature and the United States Congress, Ruthe Winegarten organizes her history both chronologically and topically. Her narrative sparkles with the life stories of individual women and their contributions to the work force, education, religion, the club movement, community building, politics, civil rights, and culture. The product of extensive archival and oral research and illustrated with over 200 photographs, this groundbreaking work will be equally appealing to general readers and to scholars of women's history, black history, American studies, and Texas history. "Occasionally a book comes along that is monumental in scope, overwhelming in amount of research, and so powerful in its impact as to be categorized at once as a lasting contribution to our knowledge of humankind. *Black Texas Women* is one of those rare books." —The Journal of American History

**women in texas history: Prologue**, 1996

**women in texas history: Index of Bicentennial Activities** American Revolution Bicentennial Administration, 1976

**women in texas history:** *Texas Dames* Carmen Goldthwaite, 2012-04-01 These are the Texas Dames, women who sallied forth to run sprawling ranches, build towns, helm major banks and shape Lone Star history. These Dames broke gender and racial barriers in every facet of life. Some led the way as heroines, while others slid headlong into notoriety, but nearly all exhibited similar strands of courage and determination to wrest a country, a state and a region from the wilds. From Angelina of the Hasinai, interpreter for the Spanish, and sharpshooter Sally Scull to Dr. Claudia Potter, America's first female anesthesiologist, and Birdie Harwood, first female mayor in the United States, historian Carmen Goldthwaite has been profiling Texas women and their accomplishments in her popular Texas Dames column. Here are their stories, from early Tejas to the twentieth century.

**women in texas history:** *Discovering Texas History* Bruce A. Glasrud, Light Townsend Cummins, Cary D. Wintz, 2014-09-09 'Discovering Texas History' is a historiographical reference book that will be invaluable to teachers, students, and researchers of Texas history. Chapter authors are familiar names in Texas history circles--a 'who's who' of high profile historians. Conceived as a follow-up to the award winning (but increasingly dated) 'A Guide the History of Texas' (1988), 'Discovering Texas History' focuses on the major trends in the study of Texas history since 1990. In part one, topical essays address significant historical themes, from race and gender to the arts and urban history. In part two, chronological essays cover the full span of Texas historiography from the Spanish era to the modern day. In each case, the goal is to analyze and summarize the subjects that have captured the attention of professional historians so that 'Discovering Texas History' will take its place as the standard work on the history of Texas history--

**women in texas history: Latinas in the United States, set** Vicki L. Ruiz, Virginia Sánchez Korrol, 2006-05-03 Latinas in the United States: A Historical Encyclopedia records the contribution of women of Latin American birth or heritage to the economic and cultural development of the United States. The encyclopedia, edited by Vicki L. Ruiz and Virginia Sánchez-Korrol, is the first comprehensive gathering of scholarship on Latinas. This encyclopedia will serve as an essential reference for decades to come. In more than 580 entries, the historical and cultural narratives of Latinas come to life. From mestizo settlement, pioneer life, and diasporic communities, the encyclopedia details the contributions of women as settlers, comadres, and landowners, as organizers and nuns. More than 200 scholars explore the experiences of Latinas during and after EuroAmerican colonization and conquest; the early-19th-century migration of Puerto Ricans and Cubans; 20th-century issues of migration, cultural tradition, labor, gender roles, community organization, and politics; and much more. Individual biographical entries profile women who have left their mark on the historical and cultural landscape. With more than 300 photographs, Latinas in the United States offers a mosaic of historical experiences, detailing how Latinas have shaped their own lives, cultures, and communities through mutual assistance and collective action, while confronting the pressures of colonialism, racism, discrimination, sexism, and poverty. Meant for scholars and general readers, this is a great resource on Latinas and historical topics connected with them. -- curledup.com

**women in texas history: Quill and Cross in the Borderlands** Anna M. Nogar, 2018-06-25 Quill and Cross in the Borderlands examines nearly four hundred years of history, folklore, literature, and art surrounding the legendary Lady in Blue and her historical counterpart, Sor María de Jesús de Ágreda. This legendary figure, identified as seventeenth-century Spanish nun and writer Sor María de Jesús de Ágreda, miraculously appeared to tribes in colonial-era New Mexico and taught them the rudiments of the Catholic faith. Sor María, an author of mystical Marian texts, became renowned not only for her alleged spiritual travel from her cloister in Spain to New Mexico but also for her writing, studied and implemented by Franciscans and others around the world. Working from original historical accounts, archival research, and a wealth of literature on the legend and the historical figure alike, Anna M. Nogar meticulously examines how and why the person and the legend became intertwined in Catholic consciousness and social praxis. Nogar addresses the influence of Sor María's spiritual texts on many spheres of New Spanish and Spanish society over several centuries. Eventually, the historical Sor María and her writings virtually disappeared from view, and the Lady

in Blue became a prominent folk figure in the present-day U.S. Southwest and U.S.-Mexico borderlands, appearing in folk stories, artwork, literature, theater, and public ritual that survives today. Quill and Cross in the Borderlands documents the material legacy of a legend that has survived and thrived for hundreds of years, and at the same time rediscovers the extraordinary impact of a hidden writer.

**women in texas history: Rewriting the Chicano Movement** Mario T. García, Ellen McCracken, 2021-03-09 The Chicano Movement, el movimiento, is known as the largest and most expansive civil rights and empowerment movement by Mexican Americans up to that time. It made Chicanos into major American political actors and laid the foundation for today's Latino political power. Rewriting the Chicano Movement is a collection of powerful new essays on the Chicano Movement that expand and revise our understanding of the movement. These essays capture the commitment, courage, and perseverance of movement activists, both men and women, and their struggles to achieve the promises of American democracy. The essays in this volume broaden traditional views of the Chicano Movement that are too narrow and monolithic. Instead, the contributors to this book highlight the role of women in the movement, the regional and ideological diversification of the movement, and the various cultural fronts in which the movement was active. Rewriting the Chicano Movement stresses that there was no single Chicano Movement but instead a composite of movements committed to the same goal of Chicano self-determination. Scholars, students, and community activists interested in the history of the Chicano Movement can best start by reading this book. Contributors: Holly Barnet-Sanchez, Tim Drescher, Jesús Jesse Esparza, Patrick Fontes, Mario T. García, Tiffany Jasmín González, Ellen McCracken, Juan Pablo Mercado, Andrea Muñoz, Michael Anthony Turcios, Omar Valerio-Jiménez
