**prayer to our lady of medjugorje: The Best of "The Spirit of Medjugorje"** June Klins, 2007-09-24 In 1981 a beautiful lady appeared to 6 young people in the village of Medjugorje in what is now Bosnia-Herzegovina. She told them that She was the Blessed Virgin Mary, the Queen of Peace, and came with a message of peace. She has continued to appear since 1981 to give messages to the world of peace, love and joy. She is confiding ten secrets to each visionary (some are chastisements for the world) and promises to leave a visible sign at the place of the apparitions in Medjugorje for all humanity. This time, this period of grace, is for conversion and deepening faith. After the visible sign, those living will have little time for conversion. Many books have been written about Medjugorje, but this one and Volume I of this series are different. They both include not only information about Medjugorje and talks and interviews with the visionaries, but also heartfelt testimonies of those who have been healed and changed through Medjugorje, as well as advice, written from the heart, on how to live the messages. This book is for EVERYONE - all Our Lady's children, Catholic and non-Catholic. If you have not heard about Medjugorje, it will tell you

everything you need to know. If you have been following the messages of Medjugorje or have been one of the millions of people blessed to have been there, this book will light your fire all over again. **prayer to our lady of medjugorje: Our Lady of the Nations** Chris Maunder, 2016-02-18 Our Lady of the Nations is a detailed and scholarly overview of the apparitions of Mary in 20th-century Catholic Europe. Chris Maunder discusses apparitions in general and how they are interpreted in Catholicism by, for example, Karl Rahner and Benedict XVI. The role of women and children as visionaries is considered, including issues concerning changing views of gender, children's spirituality, and the protection of minors. He covers cases that are well known and approved by the Church (Fatima, Beauraing, Banneux, and Amsterdam), others that are well known but not approved (such as Garabandal and Medjugorje), and many that are neither well known nor approved, such as those in Belgian Flanders or Nazi Germany in the 1930s, or in France, Italy, or Germany after the Second World War. Resources include academic studies of particular apparitions, some Catholic theological and devotional literature, and occasionally travel writing. There is also coverage of material in French which is not known to the English reader. Shrines and visionaries are believed to be indicators of the presence of Mary. In the visionary perspective, she has appeared in order to reassure her followers and to warn of divine judgement. Her messages echo doctrinal Catholic Mariology with some innovations, but also express a deep dissatisfaction with the events and trends of the 20th century, from communism to Nazism to liberalism and religious indifference. While the Marian cult evolves according to new templates for apparitions and developments in Mariology, the fundamental message of presence, consolation, and admonition remains constant.

**prayer to our lady of medjugorje: *Revelations*** Xavier Reyes-Ayral, 2022-05-31 From 1846 to the present day, the Vatican has maintained quite the same message brought forth from Heaven by different messengers across time and across vast distances and continents. This message echoes the gravest of admonitions and calls mankind to convert and find refuge through the knowledge of the truth, which today threatens the very basis of world peace... Today, in 2022, the message of La Salette, La Fraudais, Tilly, Fatima, Garabandal, Akita and Medjugorje, and their secrets take a meaning of the greatest importance, as the admonitions brought forth by the Blessed Virgin Mary warn of a cataclysmic global disaster which has now become imminent. The Church's apprehension of frightening the masses, inspired inaction and Rome's decision to silence - founded more on fear than on caution - led millions of faithful to the darkness of ignorance and, therefore, to a lack of necessary conversion, prayers and intercession for peace. This book proposes unveiling the light and, thus, asking humanity to respond to the call of a warm and loving mother who merely seeks the salvation of her children.

**prayer to our lady of medjugorje: *Power of Popular Piety*** Ambrose Mong, 2019-03-04 This book examines the ambivalence of folk Catholicism as a resource to fight against injustice, exploitation, and oppression. Cases are cited to illuminate the value and potential trespasses of popular religious beliefs and practices. Over centuries, representatives of the powerful middle and upper middle classes did not hesitate to manipulate popular piety to protect their power and privileges. In fact, much of popular religion still reflects the dominant ideology. Popular piety has the potential for liberation against unjust social and economic structures. When properly guided, this practice can broaden and deepen political consciousness and mobilize people to act. Without a strong level of political consciousness as well as liberative evangelization, popular religion will be alienating to the poor while strengthening the status quo of the rich and the powerful. This study argues that it will be the elites, the well-educated and committed Christians, not the masses, who would foster the transformation of society.

**prayer to our lady of medjugorje: *My Path to Peace and Justice*** Richard T. McSorley, 2010-05-01 Richard T. McSorley, S. J. (1914 - 2002) led an extraordinary life. He survived a World War II prison camp to become one of the great peacemakers of the twentieth century. From struggles against segregation in the late forties to Vietnam War protests in the sixties to condemnation of nuclear weapons in the eighties, McSorley has been on the cutting edge of the great social justice movements of the last half-century. His life crossed paths with many of the world's most notable figures: Dorothy Day and Peter Maurin; Martin Luther King, Jr.; Daniel and Philip Berrigan; the Kennedy family; Bill Clinton; Don Helder Camara; and a host of peace leaders from throughout the world. In this autobiography published six years before his death, McSorley documents his life, his travels throughout Europe, South American, Central America and the Middle East. His descriptions of these events form a backdrop of the real story - his spiritual journey toward active peacemaking and unswerving pacifism. Through it all he weaves the thread of the theology of peace. He applies gospel principles to our social and government structures. McSorley may be best known for his ability to cut through academic arguments to state the truth in the most basic of terms. He counters the justification of war with the biblical call to love enemies. This book is an account of a life devoted to God and of service to the community.

**prayer to our lady of medjugorje: *Ritual, Performance and the Senses*** Michael Bull, Jon P. Mitchell, 2020-05-18 Ritual has long been a central concept in anthropological theories of religious transmission. *Ritual, Performance and the Senses* offers a new understanding of how ritual enables religious representations - ideas, beliefs, values - to be shared among participants. Focusing on the body and the experiential nature of ritual, the book brings together insights from three distinct areas of study: cognitive/neuroanthropology, performance studies and the anthropology of the senses. Eight chapters by scholars from each of these sub-disciplines investigate different aspects of embodied religious practice, ranging from philosophical discussions of belief to explorations of the biological processes taking place in the brain itself. Case studies range from miracles and visionary activity in Catholic Malta to meditative practices in theatrical performance and include three pilgrimage sites: the Church of the Holy Sepulchre in Jerusalem, the festival of Ramlila in Ramnagar, India and the mountain shrine of the Lord of the Shiny Snow in Andean Peru. Understanding ritual allows us to understand processes at the very centre of human social life and humanity itself, making this an invaluable text for students and scholars in anthropology, cognitive science, performance studies and religious studies.

It does so by examining how Durkheim's ideas can be applied to current social issues. The author argues that there are striking parallels between the social context of the 1890s, when Durkheim began to publish in book form, and today. The book will appeal to the readers of sociology, as well as the related disciplines of philosophy, psychology, cultural studies and history. It is also intended for anyone interested in the issues and questions that were being raised as humanity approached the end of the twentieth century and the end of the millennium.

**prayer to our lady of medjugorje:** *Welcome Home!* Victor R. Claveau, 2000-01-01 Here are the compelling stories of eleven reverts, Catholics who fell away from the Church and eventually came back home. Some of the people are very well-known, like Fr. John Corapi, Rick Strom and Jesse Romero, and others are known only in their smaller circles. But each person's story of why he left the Catholic Church and why he returned is a unique and moving tale of God's mercy, love and grace. There is one common denominator, though, among the writers of *Welcome Home!* To paraphrase Archbishop Fulton Sheen, few hate the Catholic Church for what she teaches, but millions hate it for what they think she teaches. The defining moment of illuminating grace almost always came when our storytellers began to examine Catholic teaching for themselves.

**prayer to our lady of medjugorje:** *Mary's Call to Prayer* John D. Smatlak, 2021-01-19 Over multiple centuries, visionaries have reported seeing and speaking with the apparition of Mary, mother of Jesus. Nearly all of these apparition events include evidence of other miracles. Within the apparitions, Mary's primary message is intended for all Christians to hear: the time to pray more is now. In an insightful spiritual discussion enhanced by biblical references, John Smatlak relies on the voice of Mary to directly answer many of the common questions asked by Christians such as what is important to gain eternal life and what is not? What behaviors cause a person to go to hell? Can prayer prevent war? Do we keep our earthly bodies in the afterlife? Throughout the presentation, Mary communicates clear expectations for Christians while providing a better understanding of Jesus, herself, and other supernatural beings. In perfect alignment with the Bible and Jesus, Mary expresses her deep love for people, warns of dire future events on earth, and explains how to either mitigate or avoid these events with prayer. Mary, the mother of Jesus, is a valuable resource for Christians that provides twentieth century answers from heaven to many common questions while addressing the need for prayer.

**prayer to our lady of medjugorje:** *Occasions of Faith* Lawrence J. Taylor, 1995-04 Devotional occasions, or experiences by Irish Catholics form the crux of this powerful, first book-length anthropological study of Irish Catholicism. Questions central to the study of religion inform *Occasions of Faith*: What is religion and how do official and popular religion differ? What is the relation between power and meaning? What are the roles of religious and political regimes in the social construction of religion? In exploring these questions, the book draws on two major theoretical traditions in the anthropological study of religion: the tradition of Geertz, Douglas, and Turner and that of Marx, Foucault, and Asad. Even the powerful religious regime Taylor finds in Irish Catholicism must leave creative space for what he calls a religious imagination. Basic fears and needs propel the people of southwest Donegal - and all of us, Taylor argues - to respond creatively to strong personal religious experiences and to invent forms to express them.

**prayer to our lady of medjugorje:** *The Limits of Pilgrimage Place* T.K. Rousseau, 2021-07-28 Through case studies of three pilgrimage sites related to the Virgin Mary, this book explores how pilgrimage places in today's globalized world do not exist as contained spaces but have porous boundaries, both physically and conceptually. Taking an interdisciplinary approach that draws on art history and heritage studies, the book considers the cathedral of Chartres, France; Medjugorje in Bosnia and Herzegovina; and the House of Mary near Ephesus, Turkey. In all three sites, the place of pilgrimage accommodates multiple different purposes and groups of people, intermingling devotional and commercial aspects, different memory narratives, and heterogeneous audiences. By mapping these porous boundaries, the book calls into question how we define pilgrimage place, and

shows how pilgrimage sites are not set apart from the everyday world, but intimately connected with wider cultural, political, and material dynamics. This study will be relevant to scholars engaging with issues of pilgrimage, cultural heritage, and art across religious studies, art history, anthropology, and sociology.

"This book fills me with joy, as I too am a supporter, protector and propagator of Medjugorje. Sister Emmanuel's presence in Medjugorje is providential: she has a charism of clarity to explain in the messages and events of Medjugorje." Monsignor Frane Franic Archbishop Emeritus of Split (Croatia) "The Gospa is a Mom; she invites us to be her vehicles, really happy, and not floating in the clouds. She calls us to be concrete like her. That's why this book is important! It reveals the marvels our Mother works in our hearts, through Medjugorje. I pray to God for the readers: may this book help you, may these testimonies be an example to change your life." Marija Pavlovic-Lunetti One of the Visionaries at Medjugorje A must read! "The Hidden Child of Medjugorje" (2007) Fr. Jozo Zovko says, "In this book, Sr. Emmanuel has gathered the most beautiful pearls! She offers them to the reader that they may be enriched. It gives great joy, revealing facts, people and events of great value and teaching." Available in bookstores and online at: [www.childrenofmedjugorje.com](http://www.childrenofmedjugorje.com)
