

how to tell if you are gay

How to Tell If You Are Gay: Understanding Your Own Feelings and Identity

how to tell if you are gay is a question many people find themselves asking at various points in life. Sexual orientation is a deeply personal and sometimes complex aspect of who we are, and unraveling your own feelings can feel confusing or even overwhelming. Whether you're questioning your identity, noticing different attractions than you expected, or simply seeking clarity, it's important to approach this exploration with patience and kindness toward yourself. In this article, we'll walk through ways to understand your feelings better, recognize signs that may point to your sexual orientation, and foster self-acceptance.

Understanding Sexual Orientation and What It Means to Be Gay

Before diving into how to tell if you are gay, it's helpful to understand what being gay means. Sexual orientation refers to who you are romantically or sexually attracted to. Being gay typically means you experience romantic or sexual attraction primarily toward people of the same gender. However, attraction can be fluid and unique to each individual, so it's okay if your feelings don't fit into strict boxes.

Sometimes people confuse sexual orientation with gender identity—these are different. Gender identity is about your internal sense of being male, female, a blend of both, or neither, while sexual orientation focuses on who you are attracted to. Knowing this distinction can help you focus more clearly on your feelings about attraction.

Signs That May Indicate You Are Gay

Figuring out your sexual orientation can involve paying attention to your emotional and physical attractions. Here are some common signs that might help you explore whether you are gay:

1. Attraction to the Same Sex

One of the most straightforward signs is feeling romantic or sexual attraction toward people of the same gender. This can look like:

- Daydreaming or fantasizing about same-sex individuals

- Feeling butterflies or excitement when interacting with someone of the same sex
- Finding yourself more drawn to same-sex people's appearance, personality, or presence

These feelings can be subtle or intense, and they may develop gradually over time.

2. Lack of Attraction to the Opposite Sex

Sometimes, people notice they don't feel the same type of attraction to the opposite sex as they do toward the same sex. If you find that romantic or sexual interest in opposite-sex individuals is minimal or absent, that could be a clue in understanding your orientation.

3. Emotional Connection and Comfort Levels

Beyond physical attraction, pay attention to your emotional connections. Do you feel a deeper, more meaningful emotional bond or comfort with people of the same gender? Sometimes, this emotional resonance can be a sign of your true orientation.

Exploring Your Feelings: Tips for Self-Discovery

Knowing how to tell if you are gay isn't about rushing to label yourself but about exploring your feelings thoughtfully. Here are some ways to help in your journey:

Reflect on Past Experiences

Think back on your relationships, crushes, and feelings over the years. Were there moments when you felt a strong connection or attraction to someone of the same sex? Sometimes, early experiences or childhood feelings can offer valuable insights.

Journaling Your Thoughts and Emotions

Writing can be a powerful tool to clarify your feelings. Try journaling about your attractions, dreams, and what you imagine your ideal romantic relationship might look like. Over time, patterns may emerge that

help you understand yourself better.

Talking to Trusted Friends or Supportive Communities

Sharing your feelings with trusted friends or joining LGBTQ+ support groups can provide perspective and reassurance. Sometimes, hearing others' stories or simply voicing your thoughts can make the process less isolating and more affirming.

Allow Yourself Time and Patience

Sexual orientation can be fluid and may evolve over time. It's perfectly okay to take your time figuring things out without pressure. Self-acceptance often comes when you give yourself permission to explore without judgment.

Common Myths and Misconceptions About Being Gay

Understanding how to tell if you are gay also means dispelling some myths that might cloud your judgment:

- **Myth:** You have to feel attracted all the time to be gay.
Truth: Attraction can vary in intensity and frequency. It's normal to have fluctuating feelings.
- **Myth:** Being gay is a choice or a phase.
Truth: Sexual orientation is not a choice, and for most, it's a core part of who they are.
- **Myth:** You must label yourself immediately.
Truth: Labels are tools, not rules. You can identify however you feel comfortable—or not at all.

Recognizing these truths can ease the anxiety many feel when questioning their sexuality.

How Society and Culture Affect Your Journey

Your environment plays a significant role in how you perceive and accept your sexual orientation.

Cultural, religious, or family expectations can sometimes make it harder to explore your true feelings openly. It's important to acknowledge these influences and find ways to nurture your sense of self despite external pressures.

Many people find that connecting with LGBTQ+ role models, media, or online communities can provide inspiration and comfort. Seeing positive representations of gay individuals living authentic lives may help you envision what is possible for you.

When to Seek Professional Support

Sometimes, the journey of understanding your sexual orientation can bring up complex emotions or stress. If you find yourself overwhelmed, anxious, or depressed, reaching out to a mental health professional who is experienced in LGBTQ+ issues can be a vital step. Therapists can offer a safe, confidential space to explore your feelings and provide guidance without judgment.

Remember, seeking help is a sign of strength and self-care, not weakness.

Embracing Your Identity at Your Own Pace

Ultimately, learning how to tell if you are gay is about tuning into your authentic self and honoring your feelings. There is no right or wrong timeline, and your journey is uniquely yours. Whether you come to identify as gay, bisexual, queer, or something else entirely, the most important thing is that you feel comfortable, respected, and true to who you are.

Exploring your sexual orientation can be a beautiful process of self-discovery and growth. By being patient, open, and kind to yourself, you can move closer to understanding and embracing your identity in a way that feels right for you.

Frequently Asked Questions

How can I tell if I am gay?

You might be gay if you find yourself romantically and/or sexually attracted to people of the same gender. Reflecting on your feelings and attractions over time can help you understand your orientation.

What are some signs that indicate I might be gay?

Signs can include feeling more emotionally or physically attracted to the same gender, fantasizing about same-gender relationships, and feeling different from heterosexual norms. However, everyone's experience is unique.

Is confusion about my feelings normal when trying to figure out if I'm gay?

Yes, it's completely normal to feel confused or uncertain. Sexual orientation can be fluid and discovering it is a personal journey that may take time.

Can I be sure about being gay without having had relationships?

Yes, you don't need to have had romantic or sexual experiences to understand your orientation. Your feelings and attractions are valid indicators.

How do I differentiate between being gay and just curious?

Being gay typically involves a consistent pattern of attraction to the same gender, while curiosity might mean occasional interest or exploration. It's okay to take time to understand your feelings without pressure.

Should I come out if I think I am gay?

Coming out is a personal decision and should be done when you feel safe and ready. It's important to prioritize your well-being and seek support from trusted friends, family, or LGBTQ+ communities.

[How to Tell If You Are Gay: A Thoughtful Exploration of Sexual Orientation](#)

how to tell if you are gay is a question that many people ask themselves at various points in their lives. Understanding one's sexual orientation can sometimes be a complex and deeply personal journey. While society has become more open and accepting of diverse identities, the process of self-discovery remains unique to each individual. This article aims to provide a nuanced and professional perspective on recognizing signs of being gay, exploring emotional, psychological, and social factors that contribute to this understanding.

Understanding Sexual Orientation

Sexual orientation refers to an enduring pattern of emotional, romantic, or sexual attraction to men, women, both genders, neither, or others. Being gay typically means experiencing primary or exclusive attraction toward people of the same sex. However, human sexuality is a spectrum, and labels can sometimes oversimplify the fluid nature of attraction.

Before diving into how to tell if you are gay, it is important to acknowledge that sexuality is not always immediately apparent and can evolve over time. People may experience confusion, denial, or uncertainty due to internal or external pressures, cultural norms, or lack of representation.

Common Signs and Indicators

Recognizing one's sexual orientation involves paying attention to patterns of attraction and emotional responses. Here are several common indicators that might help individuals reflect on their feelings:

- **Romantic and Sexual Attraction:** Do you find yourself predominantly attracted to people of the same sex? This includes fantasies, daydreams, or emotional connections.
- **Emotional Intimacy:** Beyond physical attraction, consider who you develop deep emotional bonds with. For many, romantic feelings are closely tied to emotional closeness.
- **Comfort and Identity:** Reflect on how comfortable you feel identifying as gay or how you relate to LGBTQ+ communities and culture.
- **Past Experiences:** Looking back at crushes, relationships, or moments of infatuation can provide insight into your orientation.
- **Physical Responses:** Some individuals notice physiological reactions (such as arousal) when exposed to same-sex individuals.

It's important to note that none of these signs alone can definitively determine one's sexual orientation. Many people experience varying degrees of attraction that do not fit neatly into categories.

Psychological and Social Factors in Self-Discovery

The process of understanding whether you are gay is not merely about recognizing attraction but also involves psychological acceptance and social navigation.

Internal Reflection and Self-Acceptance

One of the main challenges in figuring out how to tell if you are gay is overcoming internalized stigma or fear. Societal attitudes, family expectations, and cultural backgrounds can heavily influence how individuals perceive their own feelings. Psychologists suggest that self-reflection through journaling, therapy, or quiet contemplation can be valuable tools. These practices allow individuals to explore their emotions without judgment and gain clarity.

Influence of Environment and Community

Supportive environments can significantly impact the ease of discovering and embracing one's sexual orientation. Access to LGBTQ+ resources, supportive friends, and inclusive media representation can empower individuals to understand themselves better. Conversely, environments with negative attitudes toward homosexuality might lead to denial or repression, complicating the process.

The Role of Attraction vs. Behavior

It is essential to differentiate between sexual attraction, behavior, and identity.

Attraction Is a Spectrum

Attraction can range from exclusive attraction to the same sex to varying degrees of bisexuality or pansexuality. Some individuals might feel confused because their attractions are not strictly binary or constant. Research from the Kinsey Institute suggests that many people fall somewhere along a continuum rather than at fixed points.

Behavior Does Not Always Reflect Orientation

Engaging in same-sex behavior does not necessarily mean one identifies as gay. Similarly, someone who identifies as gay may not have had sexual experiences with the same sex yet. Identity is a personal declaration and may or may not align with past behaviors.

Practical Steps to Explore Your Sexuality

For those wondering how to tell if you are gay, a structured approach to exploration can be helpful. Here are some practical steps:

1. **Observe Your Feelings:** Pay attention to who you are drawn to emotionally and physically over time.
2. **Educate Yourself:** Learn about different sexual orientations and experiences to see which resonate with you.
3. **Seek Support:** Connect with LGBTQ+ communities or counselors who can provide guidance without judgment.
4. **Experiment with Dating:** If comfortable, consider dating people of the same sex to see how it feels.
5. **Allow Time:** Recognize that understanding your orientation may take months or years, and that is perfectly normal.

Challenges and Misconceptions

Many people face misconceptions when trying to understand their sexual orientation. Common myths include the idea that being gay is a choice, a phase, or something that can be changed. These misconceptions not only hinder self-discovery but can also contribute to mental health issues such as anxiety and depression.

It's also worth noting that some people experience fluid sexuality, where their attractions change over time. This fluidity is a natural part of human experience and does not invalidate their identity.

The Importance of Mental Health

Navigating questions about sexual orientation can be emotionally taxing. Studies indicate that LGBTQ+ individuals are at higher risk of mental health challenges due to discrimination and social stigma. Professional support from therapists specializing in sexual orientation can provide a safe space to explore these feelings.

How to Tell If You Are Gay in a Modern Context

In today's society, with increasing acceptance and visibility of LGBTQ+ identities, many individuals find it easier to explore their sexuality openly. Online platforms, social media, and community events offer spaces to learn and connect.

However, the abundance of information can sometimes lead to confusion or pressure to label oneself prematurely. It's important to approach this journey at your own pace, without external pressure.

Signs You Might Be Ready to Embrace Your Identity

- Feeling genuine happiness or relief when thinking about identifying as gay.
- Desiring to share your orientation with trusted friends or family.
- Seeking out LGBTQ+ media, literature, or culture.
- Experiencing a stronger sense of self when imagining a future as an openly gay person.

Each of these indicators can signal a readiness to accept and express your sexual orientation.

Understanding how to tell if you are gay involves a multifaceted examination of feelings, experiences, and self-acceptance. It is not a question with a simple or immediate answer, but rather a personal journey that unfolds over time. By considering emotional attraction, reflecting on internal and external influences, and seeking supportive environments, individuals can navigate this path with greater confidence and clarity. The evolving nature of sexuality reminds us that self-discovery is a continuous process, shaped by both personal insight and societal context.

how to tell if you are gay: The Ultimate Guide for Gay Dads Eric Rosswood, 2017-10-24 If you are thinking of becoming a gay dad – or if you are already a gay dad – this book is for you! Are you ready to have kids? More and more gay men are turning to adoption and surrogacy to start their own families. An estimated two million American LGBTQ people would like to adopt and an estimated 65,000 adopted children are living with a gay parent. In 2016, The Chicago Tribune reported that 10 to 20 percent of donor eggs went to gay men expanding their families via surrogacy, and in many places the numbers were up 50 percent from the previous five years. Gay parenting: Having a kid is like coming out all over again, on a daily basis, especial if you have an infant. Was coming out stressful for you? It's about to get more intense and you will have a child watching your every move and listening to your every word. If you stutter or pause, they may pick up on your discomfort and could start to feel like something is wrong about their family unit. The Ultimate Guide For Gay Dads is jam packed with parenting tips and advice to help you build confidence and become the awesome gay dad you were meant to be! How Is This Parenting Guide Different From Others? Unlike other parenting books that have whole chapters focusing on things specifically related to mothers (such as how to get the perfect latch when breastfeeding), this parenting book replaces those sections with things relevant to gay dads. It covers topics like how to find LGBT friendly pediatricians, how to find LGBT friendly schools, how to childproof your home with style, how to answer awkward and prying questions about your family from strangers, examples for what two-dad families can do on Mother's Day, and much more. The book also includes parenting tips and advice from pediatricians, school educators, lawyers, and other same-sex parents. Top LGBT parenting expert: Bestselling author Eric Rosswood covers every aspect of fatherhood for gay men in this essential guide to growing your family in the post-DOMA era. He is a major influencer on social media with over 100,000 followers on Twitter alone, as well as thousands on other platforms. Exploring LGBTQ issues: Rosswood is an in-demand authority and commentator on LGBTQ issues, including civil rights, parenting, marriage and politics. The author has been featured in major media including The Washington Post, Cosmopolitan, CBS News, The Huffington Post, Elite Daily, Yahoo! News, AOL News, NY Daily News, IB Times, and regional LGBTQ press.

how to tell if you are gay: How Rude! Alex J. Packer, 2014-04-15 Hilarious etiquette and manners guide teaches teens how to use manners to gain respect, feel good about themselves, and enjoy life to the fullest. Discussing etiquette and manners from common courtesies to cell-phone smarts to classroom decorum, Alex J. Packer blends outrageous humor with sound advice as he explains why etiquette and manners are important—because people who know how to handle themselves in social situations come out on top, get what they want, feel good about themselves, and enjoy life to the fullest. Full of practical tips for every occasion, How Rude! is a serious etiquette and manners encyclopedia—and a hilarious read. This revised and updated edition describes the basics of polite behavior in all kinds of situations at home, in school, online, and in the world. For more must-have advice from Alex J. Packer, Ph.D., check out Slaying Digital Dragons: Tips and tools for protecting your body, brain, psyche, and thumbs from the digital dark side.

how to tell if you are gay: Don't Tell K. A. Kron, 2011 The last thing Gray Edwards has on her mind when she arrives for Basic Training is falling in love, especially with another woman. Annie Randall, who at first blush looks to be her polar opposite, turns out to be someone she can't live without. Given the perfect setting for romance, with drill sergeants, other recruits, no privacy, wrinkled uniforms and days without showers, what could possibly go wrong? After Basic is over, Gray and Annie find themselves geographically challenged as they pursue their individual careers

within the military structure. Gray jumps through all the hoops in hopes of becoming a pilot, along with Dani, who also just completed Basic, while Annie studies to be a doctor. When the schooling is finally over, the reality of their future sets in. Gray is deployed with Dani and Annie takes matters into her own hands so that they can finally be together. Nobody wins in this war, but they fight for what they believe in. K. A. Kron knows first hand about the faceless veterans who were trapped in a glass closet while serving their country.

how to tell if you are gay: Positioning Identities Hazel K Platzer, 2017-07-12 How do lesbians and gays negotiate their sexual identities in mental health care contexts? How do they manage the institutional homophobia and heterosexism embedded in health care practice and practitioners? Using interpretive phenomenology, Hazel Platzer overturns limiting dualisms to describe the ways in which lesbians and gays are silenced and pathologized in their mental health care encounters, how they resist, and how their resistance can restrict access to care. She highlights the difficulties of researching a sensitive topic with a relatively "hidden" population, and devises innovative techniques for handling bias and a multi-methods approach to the phenomenological study of experience and identities. She then offers proactive steps toward creating a health care environment in which lesbian and gay identities are normalized, improving both access to and quality of health care.

how to tell if you are gay: NOBODY KNOWS "A gay man's experience" Z. E. Arlea, 2009-11-29 A closeted young man's journey towards self-acceptance and finding true love. He manages to overcome all obstacles of his youth, rising above and beyond the pain of physical and emotional abuse, rape and attempted suicide to firmly realize his place as a gay man in today's world. 'I know you are probably questioning who I am; I want you to know that you know me very well. You see me every day, as soon as you walk out the house. Sometimes I am the first guy you see when you get up in the morning. Do you know who I am now? I am your husband, your brother, your best friend, your roommate, your father, your doctor or even your lawyer. I am your cousin, your carpenter, the delivery boy and your pastor. I am the bank teller, your child's teacher, and I am even your part time lover. Are you still questioning who I am? Haven't you found it out yet? Okay, I will tell you, I AM GAY.'

how to tell if you are gay: Semi Queer Anne Balay, 2018-08-06 Long-haul trucking is linked to almost every industry in America, yet somehow the working-class drivers behind big rigs remain largely hidden from public view. Gritty, inspiring, and often devastating oral histories of gay, transsexual, and minority truck drivers allow award-winning author Anne Balay to shed new light on the harsh realities of truckers' lives behind the wheel. A licensed commercial truck driver herself, Balay discovers that, for people routinely subjected to prejudice, hatred, and violence in their hometowns and in the job market, trucking can provide an opportunity for safety, welcome isolation, and a chance to be themselves — even as the low-wage work is fraught with tightening regulations, constant surveillance, danger, and exploitation. The narratives of minority and queer truckers underscore the working-class struggle to earn a living while preserving one's safety, dignity, and selfhood. Through the voices of drivers from marginalized communities who spend eleven- to fourteen-hour days hauling America's commodities in treacherous weather and across mountain passes, *Semi Queer* reveals the stark differences between the trucking industry's crushing labor practices and the perseverance of its most at-risk workers.

how to tell if you are gay: The Gang's All Queer Vanessa R. Panfil, 2017-08-15 Many people believe that gangs are made up of violent thugs who are in and out of jail, and who are hyper-masculine and heterosexual. Vanessa Panfil introduces us to a different world. Meet gay gang members - sometimes referred to in popular culture as homo thugs - whose gay identity complicates criminology's portrayal and representation of gangs, gang members, and gang life. In vivid detail, Panfil provides an in-depth understanding of how gay gang members construct and negotiate both masculine and gay identities through crime and gang membership. She draws from interviews with over 50 gay gang- and crime-involved young men in Columbus, Ohio, the majority of whom are men of color in their late teens and early twenties, as well as on-the-ground ethnographic fieldwork with

men who are in gay, hybrid, and straight gangs. Panfil provides an eye-opening portrait of how even members of straight gangs are connected to a same-sex oriented underground world. Most of these young men still present a traditionally masculine persona and voice deeply-held affection for their fellow gang members. They also fight with their enemies, many of whom are in rival gay gangs. Most come from impoverished, 'rough' neighborhoods, and seek to defy negative stereotypes of gay and Black men as deadbeats, though sometimes through illegal activity. Some are still closeted to their fellow gang members and families, yet others fight to defend members of the gay community, even those who they deem to be fags, despite distaste for these flamboyant members of the community.

how to tell if you are gay: *Model/Escort* John Butler, 2012-09 Written in the characteristically frank and sex-driven style of John Butler's many STARbooks novels, *Model/Escort* will not disappoint gay readers looking to share sex vicariously through Butler's seemingly tireless young studs. Brad never outgrew the homoerotic feelings he felt at high school. Many years later, he is married and the father of a teenage boy of his own. When Brad falls in love with the beautiful, but naive high school student Harp, he becomes implicated in a thrilling romantic triangle and a shocking secret might destroy their new-found love.

how to tell if you are gay: *Pot Psychology's How to Be* Tracie Egan Morrissey, Rich Juzwiak, 2012-11-13 Do you love stylish, sexy advice? Do you love marijuana? Get the best of both worlds with *Pot Psychology's How to Be*, the hot, new, easy-to-use book from the creators of the Jezebel.com video advice sensation, *Pot Psychology*. We're Tracie and Rich, and our system guarantees results. We'll tell you how to be, and we'll do so quickly to cater to the attention spans of stoners and busy moms on the go. We also have 101 pictures of animals acting like people.

how to tell if you are gay: *The Sign for Home* Blair Fell, 2023-03-14 Arlo Dilly is young, handsome and eager to meet the right girl. He also happens to be DeafBlind, a Jehovah's Witness, and under the strict guardianship of his controlling uncle. His chances of finding someone to love seem slim to none. And yet, it happened once before: many years ago, at a boarding school for the Deaf, Arlo met the love of his life-a mysterious girl with onyx eyes and beautifully expressive hands which told him the most amazing stories. But tragedy struck, and their love was lost forever. Or so Arlo thought. After years trying to heal his broken heart, Arlo is assigned a college writing assignment which unlocks buried memories of his past. Soon he wonders if the hearing people he was supposed to trust have been lying to him all along, and if his lost love might be found again. No longer willing to accept what others tell him, Arlo convinces a small band of misfit friends to set off on a journey to learn the truth. After all, who better to bring on this quest than his gay interpreter and wildly inappropriate Belgian best friend? Despite the many forces working against him, Arlo will stop at nothing to find the girl who got away and experience all of life's joyful possibilities--

how to tell if you are gay: *The Works of Henry Fielding, Complete in One Volume* Henry Fielding, Thomas Roscoe, 1853

how to tell if you are gay: *The Advocate* , 1994-10-18 *The Advocate* is a lesbian, gay, bisexual, transgender (LGBT) monthly newsmagazine. Established in 1967, it is the oldest continuing LGBT publication in the United States.

how to tell if you are gay: *Queer Maghrebi French* Denis M Provencher, 2017-06-06 *Queer Maghrebi French* investigates the lives and stories of queer Maghrebi and Maghrebi French men who moved to or grew up in contemporary France and how these queer men living in France and the diaspora stake claims to time and space, construct kinship, and imagine their own future.

how to tell if you are gay: *Boots of Leather, Slippers of Gold* Elizabeth Lapovsky Kennedy, Madeline D. Davis, 2013-10-08 When most lesbians had to hide, how did they find one another? Were the bars of the 1940s and 1950s more fun than the bars today? Did Black and white lesbians

socialize together? *Boots of Leather, Slippers of Gold* is a ground-breaking account of the growth of the lesbian community in Buffalo, New York from the mid-1930s to the early 1960s. Drawing on oral histories collected from 45 women, it is the first comprehensive history of a working-class lesbian community. These poignant and complex stories provide a new look at Black and white working-class lesbians as powerful agents of historical change. Their creativity and resilience under oppressive circumstances constructed a better life for all lesbians and expanded possibilities for all women. Based on 13 years of research, *Boots of Leather, Slippers of Gold* ranges over topics including sex, relationships, coming out, butch-fem roles, motherhood, aging, racism, work, oppression, and pride. Kennedy and Davis provide a unique insider's perspective on butch-fem culture and trace the roots of gay and lesbian liberation to the determined resistance of working-class lesbians. The book begins by focusing on the growth and development of community, culture, and consciousness in the bars and open house parties of the 1930s, '40s, and '50s. It goes on to explore the code of personal behavior and social imperative in butch-fem culture, centering on dress, mannerisms, and gendered sexuality. Finally the book examines serial monogamy, the social forces which shaped love and break-ups, and the changing nature and content of lesbian identity. Capturing the full complexity of lesbian culture, this outstanding book includes extensive quotes from narrators that make every topic a living document, a composite picture of the lives of real people fighting for respect and for a place that would be safe for their love.

how to tell if you are gay: XOXO, Cody Cody Rigsby, 2024-09-10 NEW YORK TIMES BESTSELLER • The beloved Peloton instructor chronicles his journey from small-town North Carolina to New York City stardom in an empowering story that reveals his secret to success: not taking yourself—or life—too seriously. “Reading XOXO, Cody is like hanging out with that friend who makes you laugh and can open up their heart to you.”—Phoebe Robinson, New York Times bestselling author of *Please Don't Sit on My Bed in Your Outside Clothes* Cody Rigsby has a lot of opinions: Kevin is the hottest Backstreet Boy; grape jelly is a crime against nature; if you wear flip-flops in New York City, you do not love yourself. But if there is one opinion—one truth—that he holds above all others, it's that we shouldn't let the fear of looking stupid or being judged hold us back from living our best lives. Cody didn't always feel this way. In XOXO, Cody, he opens up about his journey toward accepting himself, from growing up gay and poor in the South to his migration to New York City, where he went from broke-ass dancer to fitness icon. He intimately details what it was like to lose both his father and best friend to addiction and how he began to repair his relationship with his mom as an adult. He recounts his time working at a nightclub on the Lower East Side and his decision to audition for Peloton on a whim, and dishes about competing against Sporty Spice on *Dancing with the Stars*. With raw and inspiring stories about learning how to handle the scary sh*t, XOXO, Cody is a bold and heartfelt reminder that sometimes laughing at yourself is the best medicine. Remember: It ain't that deep, boo.

how to tell if you are gay: LGBT Psychology Michele K. Lewis, Isiah Marshall, 2011-11-02 Same-sex attracted, and non-gender conforming African-Americans are substantial in number, yet underrepresented in the social and behavioral science literature. This volume addresses the issues of African-American LGBT psychology as a case of indigenous psychology. The authors present the research of scholars who are developing theory, practice, and services that are couched within the specific cultural complexities of this population. Some key topics addressed in *African-American Issues in LGBT Psychology* are gender, spirituality, family, racism, coming out, generational differences, health and safety issues, urban vs. rural realities, and implications for researchers.

how to tell if you are gay: Queer Religiosities Melissa M. Wilcox, 2020-02-17 *Queer Religiosities* is the first comprehensive, comparative, and globally focused introduction to queer and transgender studies in religion. Addressing sophisticated topics in clear and accessible language, award-winning teacher and scholar Melissa M. Wilcox brings her engaging lecture style into conversation with the work of scholars around the globe to welcome students into these rapidly growing fields. Following an introduction to key concepts in religious studies, queer studies, and transgender studies and an overview of the history of transgender and queer studies in religion,

thematic chapters address the topics of stories, conversations, practices, identities, communities, and politics and power. This inherently comparative organization helps readers to understand the details and complexities of religions, genders, and sexualities as they are lived out around the world. Additional resources include study questions, discussion questions, suggestions for further reading, a glossary, an annotated filmography, and a selected bibliography to encourage further study.
