jane fonda my life so far: Filmische Seitenblicke Hermann Kappelhoff, Christine Lötscher, Daniel Illger, 2018-11-19 Ist 1968 gescheitert? Die Frage ist falsch gestellt. Die Ereignisse, die Bedeutung und die Auswirkungen von '68 lassen sich nicht in einem schlüssigen Narrativ fassen. Das Jahr beschreibt einen Kulminationspunkt, an dem höchst heterogene kulturelle, soziale und politische Phänomene in eine Interaktion zueinander treten, ohne ursächlich miteinander verbunden zu sein. Herzstück des Bandes ist ein Essay von Hermann Kappelhoff, der '68 aus der Analyse von Happenings, avantgardistischen Aktionen und Filmen heraus als Synonym für eine Form kultureller Gemeinschaftsbildung beschreibt; es markiert die Geburtsstunde der transnationalen Geschmacksgemeinschaft der westlichen Pop- und Jugendkultur. Dass sich der radikale kulturelle Wandel von '68 nur in seiner Heterogenität fassen lässt und die Logik des Happenings und des Widerspruchs zur poetischen Matrix des Kinos wird, zeigt ein Kaleidoskop aus Analysen von Filmen, die 1968 gezeigt wurden.

Focusing on the actresses nominated for Oscars and a few seminal presenters, *Made for Each Other* traces the fashion trends of the widely watched Oscar ceremony. Delving deep into the partnerships that have defined Oscar fashion-Claudette Colbert and Travis Banton; Grace Kelly and Edith Head; Audrey Hepburn and Hubert de Givenchy; Elizabeth Taylor and Helen Rose; Liza Minelli and Halston; Cher and Bob Mackie; Jodie Foster and Giorgio Armani; Nicole Kidman and John Galiano; Hilary Swank and Randolph Duke-Cosgrave demonstrates that from the beginning fashion was as integral to Oscar night as the films it celebrated. jane fonda my life so far: Women, Method Acting, and the Hollywood Film Keri Walsh, 2021-04-26 *Women, Method Acting, and the Hollywood Film* is the first study dedicated to understanding the work of female Method actors on film. While Method acting on film has typically been associated with the explosive machismo of actors like Marlon Brando and Robert De Niro, this book explores an alternate tradition within the Method—the work that women from the Actors Studio did in Hollywood. Covering the period from the end of the Second World War until the 1970s, this study shows how the women associated with the Actors Studio increasingly used Method acting in ways that were compatible with their burgeoning feminist political commitments and developed a style of feminist Method acting. The book examines the complex intersection of Method acting, sexuality, and gender by analyzing performances such as Kim Hunter's in *A Streetcar Named Desire*, Julie Harris's in *The Member of the Wedding*, Shelley Winters's in *The Big Knife*, Geraldine Page's in *Sweet Bird of Youth*, and Jane Fonda's in *Coming Home*. Challenging the longstanding assumption that Method acting's approaches were harmful to women and incompatible with feminism, this book argues that some of Hollywood's most interesting female actors, and leading feminists, emerged from the Actors Studio in the period between the 1950s and the 1970s. Written for students and scholars of Film Studies, Cultural Studies, Theatre and Performance Studies, and Gender Studies, *Women, Method Acting, and the Hollywood Film* reshapes the way we think of a central strain in American screen acting, and in doing so, allows women a new stake in that tradition.

jane fonda my life so far: Perfect Girls, Starving Daughters Courtney E. Martin, 2007-04-17 Why does every one of my friends have an eating disorder, or, at the very least, a screwed-up approach to food and fitness? writes journalist Courtney E. Martin. The new world culture of eating disorders and food and body issues affects virtually all -- not just a rare few -- of today's young women. They are your sisters, friends, and colleagues -- a generation told that they could be anything, who instead heard that they had to be everything. Driven by a relentless quest for perfection, they are on the verge of a breakdown, exhausted from overexercising, binging, purging, and depriving themselves to attain an unhealthy ideal. An emerging new talent, Courtney E. Martin is the voice of a young generation so obsessed with being thin that their consciousness is always focused inward, to the detriment of their careers and relationships. Health and wellness, joy and love have come to seem ancillary compared to the desire for a perfect body. Even though eating disorders first became generally known about twenty-five years ago, they have burgeoned, worsened, become more difficult to treat and more fatal (50 percent of anorexics who do not respond to treatment die within ten years). Consider these statistics: Ten million Americans suffer from eating disorders. Seventy million people worldwide suffer from eating disorders. More than half of American women between the ages of eighteen and twenty-five would prefer to be run over by a truck or die young than be fat. More than two-thirds would rather be mean or stupid. Eating

disorders have the highest mortality rate of any psychological disease. In *Perfect Girls, Starving Daughters*, Martin offers original research from the front lines of the eating disorders battlefield. Drawn from more than a hundred interviews with sufferers, psychologists, nutritionists, sociocultural experts, and others, her exposé reveals a new generation of perfect girls who are obsessive-compulsive, overachieving, and self-sacrificing in multiple -- and often dangerous -- new ways. Young women are told over and over again, Martin notes, that we can be anything. But in those affirmations, assurances, and assertions was a concealed pressure, an unintended message: You are special. You are worth something. But you need to be perfect to live up to that specialness. With its vivid and often heartbreaking personal stories, *Perfect Girls, Starving Daughters* has the power both to shock and to educate. It is a true call to action and cannot be missed.

jane fonda my life so far: 'Boredom is the Enemy' Dr Amanda Laugesen, 2013-07-28 War is often characterised as one percent terror, 99 per cent boredom. Whilst much ink has been spilt on the one per cent, relatively little work has been directed toward the other 99 per cent of a soldier's time. As such, this book will be welcomed by those seeking a fuller understanding of what makes soldiers endure war, and how they cope with prolonged periods of inaction. It explores the issue of military boredom and investigates how soldiers spent their time when not engaged in battle, work or training through a study of their creative, imaginative and intellectual lives. It examines the efforts of military authorities to provide solutions to military boredom (and the problem of discipline and morale) through the provisioning of entertainment and education, but more importantly explores the ways in which soldiers responded to such efforts, arguing that soldiers used entertainment and education in ways that suited them. The focus in the book is on Australians and their experiences, primarily during the First World War, but with subsequent chapters taking the story through the Second World War to the Vietnam War. This focus on a single national group allows questions to be raised about what might (or might not) be exceptional about the experiences of a particular national group, and the ways national identity can shape an individual's relationship and engagement with education and entertainment. It can also suggest the continuities and changes in these experiences through the course of three wars. The story of Australians at war illuminates a much broader story of the experience of war and people's responses to war in the twentieth century.

Illouz faßt dieses eigentümliche Verhältnis als emotionalen Kapitalismus und geht ihm in verschiedenen Feldern nach. jane fonda my life so far: How To Do Politics With Art Violaine Roussel, Anurima Banerji, 2016-10-26 A major issue in the relation of art to the rest of society is the question of how art penetrates politics. From the perspective of most art scholars, this is a question of aesthetics—whether politics necessarily pollutes and debases the quality of the arts. From the perspective of social science, it has been primarily a question of meaning—how political messages are conveyed through artistic media. Recent work has begun to broaden the study of the arts and politics beyond semiosis and content focus. Several strands of scholarship are converging around the general issue of the social relationships within which art takes political form, that is, how art and artists do politics. This perspective of doing moves analysis beyond addressing the meaning of culture, to focus on the ways that art is embedded in—and intervenes in—social relationships, activities, and institutions. This volume brings together an interdisciplinary group of scholars from France and the United States to investigate these directions and themes by exploring the question of how to do politics with art from a comparative standpoint, putting sociological approaches in conversation with other disciplinary prisms. It will be of interest to scholars of social movements and politicization, the sociology of art, art history, and aesthetics.

jane fonda my life so far: Brasilien Gesellschaft für Theorie und Geschichte audiovisueller Kommunikation e.V., 2021-06-18 Das große Kulturelle Erbe des brasilianischen Films ist durch die Bolsonaro-Regierung bedroht. Dies zeigt sich insbesondere an der Schließung der Cinemateca Brasileira, die mit über 250.000 Filmrollen und über einer Million Dokumenten wie Plakate und Drehbücher über die wichtigste Sammlung des audiovisuellen Erbes Brasiliens, wenn nicht gar Lateinamerikas verfügt. Wenngleich sich die Lage seit Bolsonaros Amtsantritt unverkennbar verschärft hat, ist das kulturelle Erbe Brasiliens aber schon länger bedroht. Insbesondere die Lebenswelten und Kulturen der Indigenen und der Schwarzen Bevölkerung werden systematisch marginalisiert oder aus einer Weißen Perspektive definiert. Das brasilianische Kino steht außerdem seit seiner Entstehung in einem postkolonial geprägten Spannungsfeld, das sich insbesondere mit dem Einfluss Hollywoods konfrontiert sieht. Eng daran angeknüpft ist die Frage nach einer nationalen Filmästhetik. Dass in Deutschland vor allem das brasilianische Kino wahrgenommen und diskutiert wird, und weniger das Fernsehen oder die Serienproduktion, hängt besonders mit dem Einfluss jener Filmfestivalzirkel und der Zunahme internationaler Koproduktionen zusammen, die die Laufbahnen der Filme lenken. Auf ihrem Weg über den Globus haben jedoch auch brasilianische Telenovelas ihre Spuren im deutschen Fernsehprogramm hinterlassen. Die Beiträge dieser Ausgabe von montageAV werfen auch Schlaglichter auf vergleichsweise selten beachtete Phänomene und vermitteln neue Impulse. Jenseits des Schwerpunktthemas gibt es einen Beitrag zur Aufführung experimenteller Filme während der documenta 6 (1977) sowie in der Rubrik Feministische Perspektiven einen Beitrag über misogyne Bildproduktionen.

jane fonda my life so far: *Nixonland* Rick Perlstein, 2008-05-13 "Perlstein...aims here at nothing less than weaving a tapestry of social upheaval. His success is dazzling." —Los Angeles Times "Both brilliant and fun, a consuming journey back into the making of modern politics." —Jon Meacham "Nixonland is a grand historical epic. Rick Perlstein has turned a story we think we know—American politics between the opposing presidential landslides of 1964 and 1972—into an often-surprising and always-fascinating new narrative." —Jeffrey Toobin Rick Perlstein's bestselling account of how the Nixon era laid the groundwork for the political divide that marks our country today. Told with vivid urgency and sharp political insight, Nixonland recaptures America's turbulent 1960s and early 1970s and reveals how Richard Nixon rose from the political grave to seize and hold the presidency of the United States. Perlstein's epic account begins in the blood and fire of the 1965 Watts riots, nine months after Lyndon Johnson's historic landslide victory over Barry Goldwater appeared to herald a permanent liberal consensus in the United States. Yet the next year, scores of liberals were tossed out of Congress, America was more divided than ever, and a disgraced politician was on his way to a shocking comeback: Richard Nixon. Between 1965 and 1972 America experienced no less than a second civil war. Out of its ashes, the political world we know now was born. Filled with prodigious research and driven by a powerful narrative, Rick Perlstein's magisterial account of how it all happened confirms his place as one of our country's most celebrated historians.
