Louisiana Social Studies Standards 2022: A Deep Dive into the State's Educational Framework

**louisiana social studies standards 2022** represent a significant step forward in shaping how students across the state engage with history, geography, civics, and economics. These updated standards reflect a commitment to ensuring that learners develop critical thinking skills, cultural awareness, and a strong sense of civic responsibility. As educators and parents explore these guidelines, understanding the nuances and goals embedded in the 2022 revision becomes essential to fostering an enriching social studies experience for students.

## **Understanding the Louisiana Social Studies Standards 2022**

The Louisiana Department of Education periodically reviews and updates its educational standards to keep pace with evolving academic needs, societal changes, and best teaching practices. The 2022 update to the social studies standards was designed to strengthen students' abilities to analyze historical events, interpret economic data, and understand governmental structures, all while emphasizing the importance of diverse perspectives.

These standards serve as a roadmap for educators, providing clear expectations for what students should know and be able to do at each grade level. They cover a broad range of topics including U.S. history, world geography, civics, economics, and Louisiana's unique cultural heritage.

## **Key Goals of the 2022 Revision**

One of the primary goals of the louisiana social studies standards 2022 is to cultivate critical thinking and analytical skills. Rather than simply memorizing facts, students are encouraged to question sources, identify biases, and draw connections between historical events and current issues.

Another important focus is inclusivity and representation. The standards emphasize incorporating diverse voices and experiences, particularly those of indigenous peoples, African Americans, and other historically marginalized groups. This approach helps students gain a more comprehensive understanding of social dynamics and cultural contributions within Louisiana and beyond.

# **Grade-Level Breakdown of Louisiana Social Studies Standards 2022**

The louisiana social studies standards 2022 are organized by grade to ensure developmentally appropriate learning outcomes. Here's a brief overview of what students can expect at different stages:

## **Elementary School (K-5)**

At the elementary level, the focus is on building foundational knowledge and skills. Students learn about local communities, basic geography, and important historical figures. The standards encourage hands-on activities like map reading, storytelling, and simple research projects.

Teachers are encouraged to connect lessons to students' everyday experiences, such as exploring family histories or local landmarks, which helps make social studies relevant and engaging.

## **Middle School (Grades 6-8)**

Middle school standards deepen students' understanding of world history, U.S. history, and civics. There is a stronger emphasis on analyzing primary and secondary sources, understanding government functions, and exploring economic principles.

This stage introduces students to more complex concepts like the causes and effects of historical events, the structure of state and federal government, and the basics of personal finance and the economy.

## **High School (Grades 9-12)**

High school social studies standards challenge students to synthesize knowledge across disciplines and engage in higher-level thinking. Courses delve into U.S. history, world history, economics, and government in greater depth.

Students are expected to conduct detailed research, present evidence-based arguments, and understand contemporary issues in light of historical contexts. Preparing for college and civic participation is a major focus here, aligning with the state's goals to create informed and active citizens.

# **Integrating Louisiana's Unique Cultural and Historical Context**

One of the standout features of the Louisiana social studies standards 2022 is their strong connection to Louisiana's rich cultural heritage. From the French and Spanish colonial periods to the impact of the Civil Rights Movement, the standards highlight key events and contributions that have shaped the state.

This localized approach helps students appreciate the complexity of their own community's history and fosters a sense of pride and identity. Lessons may include studying Louisiana's role in the Mississippi River trade, the significance of Mardi Gras traditions, or the evolution of jazz music as a cultural force.

## **Why Local History Matters**

Incorporating Louisiana-specific content into social studies education not only makes learning more engaging but also helps students see themselves as part of a larger story. Understanding local history enhances critical thinking by allowing students to compare and contrast national narratives with regional experiences.

It also encourages students to explore civic engagement at the local level, promoting participation in community issues and governance.

## **Teaching Strategies Aligned with Louisiana Social Studies Standards 2022**

Effective social studies instruction under the 2022 standards involves a variety of teaching methods designed to engage diverse learners. Educators are encouraged to move beyond traditional lectures and incorporate interactive, inquiry-based learning.

## **Project-Based Learning**

Projects that require students to investigate a historical event, create presentations, or conduct community research help develop deeper understanding and practical skills. For example, students might create a documentary on Louisiana's role in the Civil War or develop a mock city council to debate local policies.

## **Use of Primary Sources**

Analyzing letters, photographs, maps, and official documents allows students to practice critical analysis and understand history from multiple perspectives. The 2022 standards emphasize this skill as foundational for developing historical literacy.

## **Technology Integration**

Digital tools such as interactive maps, virtual field trips, and online archives provide dynamic ways to explore social studies content. Leveraging technology supports differentiated instruction and prepares students for the digital world.

## **Preparing Students for Civic Life Through Social Studies**

At its core, the louisiana social studies standards 2022 aim to prepare students to be informed and active participants in democracy. By learning about government structures, citizen rights, and responsibilities, students develop the knowledge needed to engage thoughtfully in civic processes.

The standards encourage discussions about contemporary social issues, fostering respectful dialogue and a sense of community responsibility. This civic education is crucial for nurturing future leaders who understand the importance of voting, advocacy, and community involvement.

## **Encouraging Critical Media Literacy**

In today's information-rich environment, the ability to evaluate sources and recognize misinformation is more important than ever. The 2022 standards incorporate media literacy to help students navigate news, social media, and political messaging critically.

## **Resources and Support for Educators**

Implementing the louisiana social studies standards 2022 effectively requires access to quality resources and professional development. The Louisiana Department of Education provides curriculum guides, lesson plans, and assessment tools aligned with the updated standards.

Furthermore, various organizations offer workshops and collaborative opportunities for teachers to share best practices and stay current on educational trends. Engaging with these supports can greatly enhance classroom instruction and student outcomes.

Educators are also encouraged to adapt materials to reflect their students' interests and backgrounds, making social studies a living, relevant subject.

The Louisiana social studies standards 2022 represent a thoughtful and comprehensive framework designed to enrich students' understanding of the world and their place within it. By blending rigorous academic goals with cultural relevance and civic preparedness, these standards offer a pathway for Louisiana's youth to grow into knowledgeable, engaged citizens ready to contribute to their communities and beyond.

Louisiana Social Studies Standards 2022: A Closer Look at the State's Educational Framework

**Louisiana social studies standards 2022** represent a significant update to the state's approach to social studies education, reflecting evolving pedagogical priorities and a commitment to preparing students for a complex, interconnected world. These standards serve as a blueprint for educators, guiding curriculum development, instructional strategies, and assessment practices across Louisiana's K-12 public schools. As states nationwide reevaluate their educational frameworks to promote critical thinking, civic engagement, and historical literacy, Louisiana's 2022 standards stand out for their comprehensive scope and emphasis on diverse perspectives.

## **Understanding the Framework of Louisiana Social Studies Standards 2022**

The Louisiana Department of Education officially adopted the 2022 social studies standards to replace the prior benchmarks, aiming to better align content with college and career readiness, as well as to incorporate contemporary issues and inclusive narratives. This revision is part of a broader push to ensure that students not only memorize facts but also analyze historical events, understand governmental structures, and engage thoughtfully with cultural and economic topics.

The 2022 standards cover a wide range of disciplines within social studies, including history, geography, economics, civics, and cultural studies. By integrating these areas, the framework encourages interdisciplinary learning and helps students develop a nuanced understanding of how societies function and evolve.

## **Key Features of the Louisiana Social Studies Standards 2022**

Several features distinguish the Louisiana social studies standards 2022 from previous versions:

- **Emphasis on Critical Thinking:** The new standards prioritize analytical skills over rote memorization, asking students to evaluate sources, interpret data, and construct evidence-based arguments.
- **Inclusion of Diverse Perspectives:** Reflecting a commitment to equity, the standards incorporate a variety of voices, including those of historically marginalized groups, to provide a more balanced historical narrative.
- **Focus on Civic Engagement:** The framework encourages active citizenship by helping students understand their rights and responsibilities within the political system.

- **Integration of Geographic Literacy:** There is a renewed focus on geography, both physical and human, emphasizing spatial thinking as a critical skill.
- **Alignment with National Benchmarks:** While tailored to Louisiana's unique context, the standards maintain coherence with national guidelines like the College, Career, and Civic Life (C3) Framework.

These features collectively aim to equip students with the knowledge and skills necessary to navigate a rapidly changing social and political landscape.

## **Comparative Analysis: 2022 Standards vs. Previous Editions**

When comparing the 2022 Louisiana social studies standards to earlier versions, several notable advancements emerge. The earlier standards were often criticized for being content-heavy, with insufficient emphasis on analytical skills and civic participation. The 2022 revision addresses these concerns by streamlining content and embedding inquiry-based learning strategies.

For example, prior frameworks tended to isolate historical facts without encouraging students to draw connections to current events or broader societal trends. The updated standards, however, explicitly require students to engage with primary and secondary sources and to consider multiple viewpoints, fostering a deeper understanding of history's complexity.

Moreover, the new standards better reflect Louisiana's cultural and demographic diversity. They include content that highlights the contributions and experiences of Indigenous peoples, African Americans, and other communities whose histories were previously underrepresented. This approach aligns with a growing national movement toward more inclusive curricula.

## **Implementation and Impact on Educators and Students**

Transitioning to the Louisiana social studies standards 2022 poses both opportunities and challenges for educators. Professional development is a critical component to ensure teachers fully understand the new framework and can effectively translate standards into classroom practice. The Louisiana Department of Education has facilitated this through workshops, resource guides, and collaborative networks.

For students, the impact is expected to be largely positive, as the standards encourage more active learning. Engaging with complex texts, participating in debates, and conducting research projects can foster higher-order thinking skills that are essential for success beyond school.

However, implementation also requires adequate resources, including access to diverse instructional materials and technology. Schools in under-resourced areas may face hurdles in fully realizing the standards' potential, highlighting the need for ongoing support and investment.

## **Opportunities for Curriculum Enhancement**

The 2022 standards open the door for innovative curriculum design that can make social studies more relevant and engaging. For instance, teachers might incorporate local Louisiana history alongside national narratives to contextualize learning. Projects that connect students with their communities, such as oral history collections or civic action initiatives, can operationalize the standards' civic engagement goals.

Additionally, the standards' emphasis on geography encourages the use of interactive mapping tools and geographic information systems (GIS), which can enliven lessons and develop technical competencies.

## **Challenges and Criticisms**

Despite their strengths, the louisiana social studies standards 2022 are not without critique. Some educators argue that the standards, while ambitious, may be overly broad, potentially overwhelming teachers with the breadth of content and skills to cover within limited instructional time.

Others raise concerns about political sensitivities surrounding the inclusion of certain historical perspectives or contemporary issues, which can complicate classroom discussions and curriculum choices.

Furthermore, effective assessment aligned with the new standards remains an ongoing challenge. Designing evaluations that measure critical thinking and civic understanding rather than simple recall requires careful planning and resources.

## **Looking Ahead: The Future of Social Studies in Louisiana**

As the louisiana social studies standards 2022 continue to be integrated statewide, stakeholders will be closely monitoring their impact on student

achievement and engagement. Data-driven analysis over the coming years will be crucial to refining the standards and instructional approaches.

Collaboration among educators, administrators, policymakers, and the community will play an essential role in ensuring that social studies education in Louisiana not only meets academic benchmarks but also fosters informed, active citizens prepared for the challenges of the 21st century.

In this evolving educational landscape, the 2022 standards mark a significant step toward a more dynamic, inclusive, and skills-focused social studies curriculum—one that reflects Louisiana's rich history and diverse population while preparing students to participate thoughtfully in an interconnected world.

**louisiana social studies standards 2022: Implications of Marginalization and Critical Race Theory on Social Justice** Chandan, Harish C., 2023-07-19 Critical race theory is an emerging transdisciplinary, race-equity methodology that originated in legal studies and is grounded in social justice. Critical race theory questions the very foundation of the liberal order including equality theory, legal reasoning, enlightenment, rationalism, and neutral principles of the constitutional law. It deals with a broad perspective that includes economics, history, context, group and self-interest, feelings, and the unconscious. Further study on this theory is required to understand its various implications across fields. Implications of Marginalization and Critical Race Theory on Social Justice raises awareness of racial justice and social equity by discussing the history and future directions of critical race theory across disciplines. The book considers how the theory can be applied in various areas such as education, psychology, political science, and law. Covering topics such as dehumanization, social discrimination, and victimization, this reference work is ideal for social psychologists, lawyers, political scientists, researchers, scholars, historians, academicians, practitioners, instructors, and students.

**louisiana social studies standards 2022: Strategies and Considerations for Educating the Academically Gifted** Neal, Tia, 2023-03-07 Within the discipline of special education is academically gifted education, and this distinct area is not typically required as a topic of focus in traditional teacher preparation programs for regular education teachers. Therefore, it is essential that current research is conducted and published that provides educators, both general and special, with resources that can assist them in providing gifted students with learning experiences tailored to their individual needs. Strategies and Considerations for Educating the Academically Gifted provides a complete overview of issues relevant to gifted education and contributes to the existing knowledge in the field with the most up-to-date information to effect positive change and growth. Covering key topics such as creativity, curriculum models, and assessment, this reference work is ideal for administrators, policymakers, researchers, academicians, scholars, practitioners, instructors, and students.

**louisiana social studies standards 2022: Supporting Self-Regulated Learning and Student Success in Online Courses** Glick, Danny, Bergin, Jeff, Chang, Chi, 2023-03-07 Students who self-regulate are more likely to improve their academic performance, find value in their learning process, and continue to be effective lifelong learners. However, online students often struggle to self-regulate, which may contribute to lower academic performance. Likewise, less experienced online teachers who are in the process of implementing—or have implemented—a shift from in-person to distance learning may struggle to enable their students to employ effective self-regulation techniques. *Supporting Self-Regulated Learning and Student Success in Online Courses* examines current theoretical frameworks, research projects, and empirical studies related to the design, implementation, and evaluation of self-regulated learning models and interventions in online courses and discusses their implications. Covering key topics such as online course design, student retention, and learning support, this reference work is ideal for administrators, policymakers, researchers, academicians, practitioners, scholars, instructors, and students.

**louisiana social studies standards 2022: Culturally Responsive Leadership for Social Justice and Academic Equity for All** Cager, Bethel E., Tussey, Jill, Haas, Leslie, Galloway Burke, Monica, 2023-08-07 The roles of school leaders are ever-expanding. Along with the increase comes heightened expectations to create and sustain school environments that embrace the cultures of all students and families. To accomplish this optimally inclusive learning culture and climate, school leaders must possess the acumen to view all aspects of their responsibilities through a culturally responsive lens, hence, culturally responsive leadership. *Culturally Responsive Leadership for Social Justice and Academic Equity for All* offers a multi-faceted approach to culturally responsive leadership as it connects the concept to the various responsibilities of school leaders. The book also challenges school leaders to see the connective and comprehensive nature of culturally responsive leadership in their daily duties and responsibilities, introduces the concept of culturally responsive leadership and its benefits for all students, and prompts and initiates an educational leadership mindset that seeks to explore the impact of culturally responsive leadership further. Covering key topics such as equity, school culture, and professional development, this premier reference source is ideal for administrators, policymakers, researchers, scholars, academicians, practitioners, instructors, students, preservice teachers, and teacher educators.

**louisiana social studies standards 2022: Developing Culturally Responsive Curriculum in Higher Education** Rantz, Rick, McNulty, LeeAnne, 2025-06-18 In an interconnected world, developing culturally responsive curriculum in higher education fosters inclusive learning environments and prepares students to thrive in global contexts. Culturally responsive curriculum actively incorporates diverse perspectives, histories, and context into content, pedagogy, and assessments. By acknowledging and valuing cultural backgrounds, educators can promote equity, enhance student engagement, and challenge systemic biases within academic institutions. As higher education evolves, integrating culturally responsive practices affects social justice and makes critical steps toward academic excellence and meaningful student success. *Developing Culturally Responsive Curriculum in Higher Education* explores culturally responsive curriculum (CRC) in higher education. It offers a deep analysis of the theoretical foundations, practical applications, and transformative potential of CRC. This book covers topics such as social justice, gender and diversity, and inclusive education, and is a useful resource for educators, sociologists, academicians, researchers, and scientists.

**louisiana social studies standards 2022: Disciplinary Literacy as a Support for Culturally and Linguistically Responsive Teaching and Learning** Haas, Leslie, Tussey, Jill T., 2022-05-13 All students deserve inclusive and engaging learning experiences. Opportunities for student growth and environments that honor culture and language are essential in a modern society that promotes inclusivity. Thoughtful disciplinary literacy practices offer embedded opportunities across grade levels and content areas to support inclusive classroom cultures. Therefore, the value of culturally and linguistically responsive pedagogy, supported through literacy experiences, should not be underestimated and should become a priority within K-12 education. *Disciplinary Literacy as*

a Support for Culturally and Linguistically Responsive Teaching and Learning develops a conceptual framework and pedagogical support for disciplinary literacy practices related to culturally and linguistically responsive teaching and learning. It presents a variety of research and practice protocols supporting student success through explored connections between disciplinary literacy and inclusive pedagogical practices. Covering topics such as cultural awareness, racialized text, and gender identity development, this premier reference source is an indispensable resource for pre-service teachers, educators of K-12 and higher education, educational administration, government officials, curriculum directors, literacy professionals, professional development coordinators, teacher preparation programs, libraries, researchers, and academicians.

**louisiana social studies standards 2022: Understanding Instructionally Useful Assessment** Carla Evans, Scott Marion, 2024-06-19 *Understanding Instructionally Useful Assessment* offers new insights into how various types of assessments, from the state to the classroom, will differ in their usefulness for supporting instructional decision-making and student learning. In order to most effectively serve students, it is essential that educators avoid conflating the assessment information that teachers use for instructional purposes and the data that leaders and administrators use for evaluative or monitoring purposes. This book provides classroom teachers as well as school and district leaders with a clear conception of what makes assessments—their purpose, design, reporting, and resulting information—useful or not for informing instruction and how they can select assessment tools suited to specific purposes. Each chapter addresses the knowledge and skills that K-12 staff need in order to challenge claims made by policymakers, test vendors, or even other educators that any assessment can be used to inform instruction. Educators will come away better prepared to remove unnecessary or redundant assessments from their systems and to create structures, policies, and processes that best support the instructional usefulness of assessments for student learning.

**louisiana social studies standards 2022: Thematic Teaching of Women's Rights Issues with Social Studies Trade Books** Jeremiah Clabough, Natalie Keefer, 2023-09-29 This edited volume presents a distinctive approach for exploring pedagogical frameworks, methods, and strategies for teaching thematically about women's rights using social studies trade books. After an introductory chapter by Jeremiah Clabough that provides a compelling rationale for thematic teaching of women's rights issues and controversial topics, Natalie Keefer and Tori Flint situate the remaining chapters within the context of theory and research on women's rights issues and include a discussion of implications and considerations for the role multiple literacies have in advancing women's rights in North America and beyond. In subsequent chapters, a diverse assemblage of respected scholars within the field of social studies education introduce important women who advanced women's human rights in the United States, paired with a notable trade book about their life, challenges, and achievements. Then, chapter authors describe student-centered pedagogies, with inquiry-based pedagogies aligned with the NCSS C3 Framework, that teachers can implement with upper elementary and middle school students to seamlessly integrate literacy and social studies for the purpose of thematically teaching about women's rights.

**louisiana social studies standards 2022: Teaching LGBTQ+ History in High Schools** Stacie Brensilver Berman, Robert Cohen, 2025-07-28 *Teaching LGBTQ+ History in High Schools: Practical Strategies and Voices of Experience* offers insights, concrete strategies, and lesson plans for teaching LGBTQ+ history in high schools. With essays from educators, historians, and activists, it speaks to the power and significance of LGBTQ+-inclusive curriculum and its greater necessity at a time when the LGBTQ+ community is both more visible and increasingly targeted. Across the US, challenges exist that prevent teaching LGBTQ+ history, including curriculum censorship laws prohibiting discussion of the LGBTQ+ community in schools. However, there are also grassroots movements in the US that are generating quality LGBTQ+ history curriculum and implementing them in secondary schools. This book shows how integrating LGBTQ+ content offers myriad benefits for all students, including making history more relevant and representative, and reversing years of silence and erasure in the sources, topics, and narratives that students encounter throughout their

education. Combining insights from changemakers with practical strategies and lesson plans for teaching LGBTQ+ history, this book will equip educators with the rationale and resources they need to effectively integrate this history into the curriculum. It will also be highly valuable for pre-service teachers, particularly within Social Studies Education and Social Justice Education.

**louisiana social studies standards 2022: Social Justice and Culturally-Affirming Education in K-12 Settings** Chitiyo, Jonathan, Pietrantonio, Zachary, 2023-01-27 Social justice is a philosophy that has gathered momentum over the past few years to bring to light the inequities that exist within our society. In the field of education, social justice illuminates the challenges that marginalized students and minority students face compared to other students. Social Justice and Culturally-Affirming Education in K-12 Settings seeks to bring together social scientists, researchers, and other practitioners to delve into social justice issues in K-12 settings and considers the various challenges and future directions that are associated with this field. **louisiana social studies standards 2022: People or Property** Alessandra Jerolleman, Elizabeth Marino, Nathan Jessee, Liz Koslov, Chantel Comardelle, Melissa Villarreal, Daniel de Vries, Simon Manda, 2023-11-09 This open access book explores the intersection of property law, relocation, and resettlement processes in the United States and among communities that grapple with migration as an adaptation strategy. As communities face the prospect of relocating because of rising seas, policy makers, disaster specialists, and community leaders are scrambling to understand what adaptation pathways are legally possible. While in its ideal application, law functions blindly and without variation, the authors find that legal contradictions come to bear on resettlement processes and place certain communities further in harm's way. This book will unearth these contradictions in order to understand why successful community-based resettlement has presented such a challenge to communities that are experiencing increasing land deterioration as a result of climate change.

**louisiana social studies standards 2022: Wards of the State** Claudia Rowe, 2025-05-20 A compelling exploration of the broken American foster care system, told through the stories of six former foster youth. This powerful narrative nonfiction book delves into the systemic failures that lead many foster children into the criminal justice system, highlighting the urgent need for reform. This book is a must-read for anyone interested in child welfare, social justice, and the transformative power of the best narrative nonfiction. In *Wards of the State*, award-winning journalist Claudia Rowe's storytelling is both vivid and unflinching, offering readers a deep understanding of the foster care-to-prison pipeline. Through interviews with psychologists, advocates, judges, and the former foster children themselves, Rowe paints a heartbreaking picture of the lives shaped by this broken system. Rowe brings her extensive experience and investigative prowess to this eye-opening work. With a career spanning over 25 years, Rowe has written for publications such as *The New York Times* and *Mother Jones*, and her reporting has influenced policy changes in Washington State. Her previous book, *The Spider and the Fly*, was a gripping true-crime memoir that showcased her ability to blend personal narrative with broader social issues. By the time Maryanne was 16 years old, she had been arrested for murder. In and out of foster and adoptive homes since age 10, she'd run away, been trafficked and assaulted, and finally pointed a gun at the latest man to take her into his car. She pulled the trigger and fled. But with no family to turn to and few reliable friends, it didn't take long for the police to catch up with her. In court, the defense blamed neither traffickers, nor Maryanne, but Washington state itself—or rather, its foster care system, which parents thousands of children every year. The courts didn't listen to that argument, but award-winning journalist Claudia Rowe did. Washington state isn't alone. Each year, hundreds of thousands of children grow up in America's \$30 billion foster care system, only to leave and enter its prisons, where a quarter of all

inmates are former foster youth. Weaving Maryanne's story with those of five other foster kids across the country—including an 18-year-old sleeping on the New York City subways; a gangbanger turned graduate student; and a foster child who is now a policy advisor to the White House—Rowe paints a visceral survival narrative showing exactly where, when, and how the system channels children into locked cells.

**louisiana social studies standards 2022: The Oxford Handbook of Expertise and Democratic Politics** Gil Eyal, Thomas Medvetz, 2023 In The Oxford Handbook of Expertise and Democratic Politics, Gil Eyal and Thomas Medvetz have brought together a broad group of scholars who have engaged substantively and theoretically with debates regarding the nature of expertise and the social roles of experts to examines these areas within sociology and allied disciplines. The analyses take an historical and relational approach to the topic and are motivated by the sense that growing mistrust in experts represents a danger to democratic politics today. Bringing together investigations from social scientists, philosophers, and legal scholars into the political dimensions of expertise, this Handbook connects interdisciplinary work done in science and technology studies with the more classic concerns, topics, and concepts of sociologists of professions and intellectuals.

Petrilli, 2022-03-21 "Follow the science." How often have you picked up an education book to read how, according to the authors, the system is broken, failing, and flailing—but their ideas for fixing it will bring about a miraculous transformation? That's not the approach of this volume. Sure, the editors believe that our system of education could achieve significantly better results. But they also recognize that schools have gotten better over time. One explanation is the progress schools have made in "following the science". Especially in early reading and math instruction, scholars know more now about what works than we did in the past, and more schools are putting that knowledge into practice. Now, in the wake of a horrific pandemic, even the best elementary schools are struggling to help their students get their momentum back again. In this book, the editors share high-quality syntheses of evidence and insights from leading educators, academics, and other experts. And they communicate those findings in user-friendly language, with an understanding of the real-world complexities of schools and classrooms.
