skinwalker ranch history channel schedule: Die kosmische Krise Daniel Gerritzen, 2024-04-18 Im Juni 2021 gesteht der Direktor der amerikanischen Geheimdienste unter gewaltigem Medieninteresse ein, dass unbekannte Luftphänomene (UAP), besser bekannt als UFOs, wirklich existieren. Kurz darauf verabschiedet der US-Kongress ein Gesetz, das vorsieht, eine speziell eingerichtete Behörde des Pentagons für deren Erforschung zu gründen. Das All-domain Anomaly Resolution Office solle nun endgültig klären, woher die unbekannten Objekte stammen und was sie beabsichtigen. Nach Jahrzehnten der Geheimhaltung bahnt sich damit eine politische und wissenschaftliche Sensation an. Wie aber konnte es dazu kommen? Die kosmische Krise erzählt die Geschichte unbekannter Luftphänomene und geht der Frage nach, ob wir allein sind im Universum. Dabei zeigt Gerritzen, dass die Euphorie über den möglichen Besuch außerirdischer Intelligenzen eine dramatische Kehrseite hätte: Wir sind gesellschaftlich nicht im Geringsten auf einen baldigen Erstkontakt vorbereitet. Sollte sich herausstellen, dass UAPs außerirdische Technologien sind, die uns beobachten, stünde die Menschheit angesichts urzeitlicher Ängste vor allem Fremden und Unbekannten vor einer wahrhaft kosmischen Krise.

skinwalker ranch history channel schedule: Paranormal States D. E. Osto, 2024-09-10 A number of converts to Buddhism report paranormal experiences. Their accounts describe psychic abilities like clairvoyance and precognition, out-of-body experiences, near-death experiences, and encounters with other beings such as ghosts and deities, and they often interpret these events through a specifically Buddhist lens. This book is a groundbreaking exploration of these phenomena and their implications for both humanistic and scientific study of the paranormal. D. E. Osto examines accounts of paranormal phenomena experienced by convert Buddhists from around the world collected through an online survey and interviews, placing them in the context of Indian Buddhist sources and recent scientific research. They focus in detail on the life stories of two interviewees and the important role the paranormal has played in their lives. These contemporary first-person narratives demonstrate the continued importance of the psychic and paranormal within the Buddhist tradition, and they can be interpreted as a living Buddhist folklore. Osto considers the limitations of both traditional religious views and Western scientific studies of the paranormal and proposes instead a new Buddhist phenomenological approach. Ultimately, Paranormal States contends, these deeply mysterious and extraordinary experiences exceed current understandings—and they can help bridge the gap between religious and scientific worldviews.

skinwalker ranch history channel schedule: *Conjunction.World* Elly Flippen, 2024-10-05 A must read. I cannot recommend highly enough. Bring a lot of highlighters. This book has been blowing me away. I'd say it's a must read. So far it has validated certain thoughts I've had and experienced, regarding OBE/NDE, UAPs, the cover up, our history, consciousness - and brought new ideas forward. Very well written and organized with detailed footnotes with references. You could almost use it like a guidebook in research. It's amazing how much we actually have in common with one another. My uncle, the renowned Ingo Swann, was a man of mystery and intrigue. As one of the US Government's top psychic spies, he held secrets that few knew and even fewer understood. One day, he confided in me with a hushed tone and a glint in his eye: "We are not alone on this planet." This wasn't entirely new to me. I had encountered numerous inexplicable events, but I couldn't believe they were actually real. It just seemed too impossible. Years later, however, my curiosity drove me to learn more. Amidst this learning adventure, I stumbled upon a declassified briefing from 1973 stating a group of Nazis was to blame for releasing an arcane terror upon the world. Unless one is deeply rooted in the essence of the divine, the paper concludes, they will not survive this perilous journey into the ominous world of existence. In other words, if you want to survive in the actual reality we live in, you better be well-equipped with some heavy-duty light protection. After that moment, my inquisitiveness was sparked. I dove in headfirst, compiling theories about non-human entities. From potential extraterrestrial origins to interdimensional beings, I unraveled a

complex narrative about advanced technology that could account for the anomalous aerial and aquatic vehicles we have witnessed. But my explorations didn't end there - I also embarked on a journey to understand the evolution of Remote Viewing, also known as psychic spying. Along the way, I discovered fascinating connections between Remote Viewing, UFO bases, and encounters with non-human beings. I then found myself venturing into mysterious lands shrouded in secrecy. Places where barriers and gateways intertwined, where "haunted spaces" lingered and temporal distortions shifted reality. I encountered apparitions, witnessed unexplainable events, and had enigmatic experiences with UFOs/UAPs - which I began to view as vision quests. As my investigation progressed, I uncovered hidden secrets about our world - first-hand accounts of untold tales from the lands where reality blends with the unknown; the places where the mirror has cracks.

skinwalker ranch history channel schedule: The Psi Connection: A Personal Voyage of Discovery David L. Brown, 2024-06-01 A few years ago the author of The Psi Connection had a disturbing experience while experimenting with self-hypnosis. He saw a vision of a past life in which it appeared he had lived as a farmer in the 1800s. He tried twice more and each time had a similar vision that seemed to be from the same time and place. Frightened by the implications, he strongly rejected the possibility that these experiences were real. As a journalist with a scientific background he could not accept the reality of this bizarre phenomenon and explained it to himself as having come from his unconscious mind, similar to dreams. But he still had doubts. Finally, when he began to talk about the subject he learned that others also had experienced visions of past lives. Launched on a voyage of discovery, he began to realize that many events in his life could not be explained by science or common sense, but only through the manifestation of paranormal powers. He continued to interview others who shared their experiences in such things as telepathy, psychokinesis, distance viewing, precognition, near death experiences and other uncanny events. He began to research the subject and learned that there is a large body of evidence to support the reality of paranormal powers. And, strikingly, he began to see other manifestations of his own mental powers. He became aware of the possibility that there are quantum connections between human minds and the universe itself. This is his story.

Identifying something as “fringe” indicates its proximal placement within accepted norms of contemporary society. Both conspiracy theories and paranormal accounts dwell on these fringes and use surprisingly similar persuasive techniques. Using elements of the Aristotelian canon as well as Steve Oswald's strengthening and weakening strategies, this book establishes a pattern for the analysis of fringe rhetorics. It also applies this pattern through rhetorical analyses of several documentaries and provides suggestions for countering fringe arguments.
