English Phrasal Verbs Exercises: Mastering the Art of Everyday English

english phrasal verbs exercises are an essential part of learning English, especially for non-native speakers aiming to sound more natural and fluent. Phrasal verbs, which combine a verb with one or more particles (like prepositions or adverbs), often confuse learners because their meanings can't always be guessed from the individual words. Engaging with well-designed exercises helps not only in memorizing these phrases but also in understanding how to use them correctly in different contexts.

If you've ever felt stuck trying to figure out the difference between "take off," "take up," and "take out," you're not alone. Phrasal verbs are a tricky yet fascinating aspect of the English language, and practicing them through targeted exercises can dramatically improve your comprehension and speaking skills. In this article, we'll explore the best ways to practice english phrasal verbs exercises, highlight useful learning strategies, and share tips to integrate these expressions into your daily communication.

Why Are English Phrasal Verbs Exercises Important?

Phrasal verbs are everywhere in English—from casual conversations and movies to business emails and academic writing. Understanding and using them correctly is crucial for sounding natural and avoiding misunderstandings. However, the challenge lies in their idiomatic nature; the meaning of a phrasal verb often changes completely depending on the particle it's paired with.

For example, "look up" can mean to search for information ("I need to look up that word"), while "look after" means to take care of someone or something ("Can you look after my dog?"). Without regular practice, it's easy to mix these up or avoid using phrasal verbs altogether, which can make your English sound stiff or awkward.

This is where english phrasal verbs exercises come in handy. They give learners a structured way to engage with these expressions, reinforce their meanings, and practice their usage in different contexts, making the learning process more effective and enjoyable.

Types of English Phrasal Verbs Exercises

There's no one-size-fits-all approach when it comes to practicing phrasal verbs. Depending on your learning style and goals, you might find some types of exercises more helpful than others. Here are several popular formats that can boost your command of phrasal verbs:

1. Fill-in-the-Blank Exercises

One of the most common and effective exercises involves filling in blanks with the correct phrasal verb. This type helps reinforce vocabulary and contextual understanding.

Example:

"I need to _____ my homework before dinner." (Options: take up, finish off, look after)

This exercise encourages learners to think about the meaning and context, improving recall and application.

2. Matching Exercises

Matching exercises ask you to pair phrasal verbs with their definitions or with sentence halves. This form is excellent for building strong associations between the verbs and their meanings.

Example:

Match the phrasal verb to its meaning:

- Break down
- Give up
- Put off

- a) To postpone
- b) To stop trying
- c) To stop working (machine)

3. Multiple Choice Quizzes

These quizzes test your ability to choose the correct phrasal verb or particle based on context. They're great for practicing reading comprehension and understanding subtle differences in meaning.

4. Sentence Creation Tasks

This exercise pushes you to create your own sentences using specific phrasal verbs. It enhances active usage and helps internalize the grammar and vocabulary.

5. Story or Dialogue Completion

Completing stories or dialogues with appropriate phrasal verbs is a fun way to practice. It also simulates real-life conversations, helping you see how phrasal verbs fit naturally in communication.

Tips for Practicing English Phrasal Verbs Effectively

Mastering phrasal verbs can feel overwhelming, but with consistent practice and the right approach, you can make steady progress. Here are some practical tips to get the most out of your english phrasal verbs exercises:

Focus on Common Phrasal Verbs First

There are thousands of phrasal verbs in English, but some appear far more frequently than others. Start by learning and practicing the most common ones like “get up,” “turn on,” “give up,” and “look after.” This way, you’ll build a solid foundation that’s immediately useful in daily conversations.

Use Visual Aids and Context

Pictures, videos, and real-life situations can help you remember the meanings of phrasal verbs more effectively. For example, associating “break down” with an image of a car that stopped working makes the phrase easier to recall.

Practice with Native Content

Engage with English-language TV shows, podcasts, and books where phrasal verbs are used naturally. When you encounter a new expression, pause and try to guess the meaning from context before looking it up. Then, try to incorporate it into your own speaking or writing.

Keep a Phrasal Verb Journal

Maintain a dedicated notebook or digital document where you write down new phrasal verbs, their meanings, example sentences, and any variations. Reviewing this journal regularly reinforces memory and helps track your progress.

Mix Passive and Active Learning

Listening and reading are passive ways to absorb phrasal verbs, while speaking and writing are active methods that cement your knowledge. Balance your english phrasal verbs exercises to include both types of practice.

Common Challenges and How English Phrasal Verbs Exercises Help Overcome Them

Many learners find phrasal verbs difficult because they:

- Have multiple meanings depending on context
- Can be separable or inseparable (e.g., “turn off the light” vs. “turn the light off”)
- Often sound informal, yet are essential in everyday English

By regularly engaging in structured exercises, learners gain clarity on how to use phrasal verbs correctly. For instance, exercises focusing on separable and inseparable phrasal verbs train you to recognize when the object can come between the verb and the particle. Understanding these nuances prevents common mistakes and builds confidence.

Moreover, exercises that involve identifying phrasal verbs in authentic texts improve your ability to infer meaning from context, a critical skill for real-world communication.

Where to Find Quality English Phrasal Verbs Exercises

Fortunately, numerous resources are available online and offline catering to different proficiency levels. Here are some reliable sources to explore:

- **Educational websites:** Platforms like British Council, Cambridge English, and ESL websites offer free exercises tailored for various learning stages.
- **Mobile apps:** Apps such as Quizlet, Memrise, and Anki provide interactive flashcards and quizzes on phrasal verbs.
- **Textbooks and workbooks:** Books dedicated to phrasal verbs often include exercises along with explanations and examples.
- **YouTube channels:** Many educators upload videos with phrasal verbs lessons and accompanying exercises.

Remember, the key to mastering phrasal verbs lies in consistent practice. Try to incorporate english phrasal verbs exercises into your daily learning routine, even if only for 10-15 minutes.

Integrating Phrasal Verbs into Your Everyday

English

The ultimate goal of practicing phrasal verbs is to use them naturally in conversation and writing. To achieve this, try these strategies:

- When learning a new phrasal verb, immediately use it in a sentence or short dialogue.
- Engage in speaking practice with language partners or tutors focusing on incorporating phrasal verbs.
- Write short paragraphs or journal entries using a set of phrasal verbs you've recently learned.
- Record yourself speaking and listen back to notice how fluently you use phrasal verbs.
- Challenge yourself to replace more formal verbs with phrasal verbs in casual contexts (e.g., "postpone" becomes "put off").

By actively applying phrasal verbs in meaningful contexts, you solidify your understanding and make your English sound more dynamic and authentic.

Exploring english phrasal verbs exercises is a rewarding journey that opens up a deeper understanding of English communication. With patience and practice, phrasal verbs will soon become a natural part of your language toolkit, helping you express yourself with greater nuance and confidence.

Frequently Asked Questions

What are English phrasal verbs exercises?

English phrasal verbs exercises are practice activities designed to help learners understand and use phrasal verbs, which are combinations of verbs and prepositions or adverbs.

Why are phrasal verbs important in English learning?

Phrasal verbs are important because they are commonly used in everyday English, making speech and writing more natural and fluent.

What types of exercises can help learn phrasal verbs effectively?

Effective exercises include fill-in-the-blank, matching phrasal verbs with meanings, sentence creation, and multiple-choice quizzes.

Can phrasal verbs exercises improve my speaking skills?

Yes, practicing with phrasal verbs exercises can help you use them confidently in conversations, improving your speaking fluency.

Are there online resources for English phrasal verbs exercises?

Yes, many websites and apps offer free and paid phrasal verbs exercises, such as British Council, Cambridge English, and Quizlet.

How often should I practice phrasal verbs exercises to see improvement?

Consistent daily or several times a week practice is recommended to retain and effectively use phrasal verbs.

What is the difference between separable and inseparable phrasal verbs in exercises?

Separable phrasal verbs allow the object to come between the verb and particle, while inseparable ones do not; exercises often highlight this distinction.

Can phrasal verbs exercises help with understanding native speakers?

Yes, since native speakers frequently use phrasal verbs, practicing exercises can enhance comprehension in listening and reading.

Should I focus on common phrasal verbs first in exercises?

Focusing on common and frequently used phrasal verbs first makes learning more practical and immediately useful.

How can I track my progress with phrasal verbs exercises?

You can track progress by regularly testing yourself, keeping a journal of new phrasal verbs learned, or using apps that monitor your performance.

English Phrasal Verbs Exercises: Enhancing Language Mastery Through Practice

english phrasal verbs exercises play a crucial role in mastering one of the most complex and frequently used aspects of the English language. Phrasal verbs, combinations of verbs with prepositions or adverbs, often carry meanings that differ significantly from the individual words they comprise. This characteristic makes them particularly challenging for learners, whether they are native speakers refining their skills or non-

native speakers aiming for fluency. The effectiveness of various exercises designed to teach and reinforce phrasal verbs has become a subject of interest among educators and language learners alike.

Understanding the Importance of Phrasal Verbs in English

Phrasal verbs constitute a vast and dynamic segment of English vocabulary. Their informal and conversational nature means they appear frequently in daily communication, literature, media, and professional settings. Unlike single-word verbs, phrasal verbs can express nuanced meanings, which often depend on the particles they combine with. For example, "give up," "give in," and "give out" each convey different ideas despite sharing the same root verb.

Integrating English phrasal verbs exercises into language learning curricula addresses the need for contextual understanding and practical usage. Without regular practice, learners might find themselves bewildered by the idiomatic nature of these expressions, resulting in limited comprehension and impaired communication skills.

Challenges in Learning Phrasal Verbs

One of the primary challenges in acquiring phrasal verbs is their polysemy—the phenomenon where one phrasal verb holds multiple meanings depending on context. For instance, "take off" can mean to remove clothing, an airplane departing, or a sudden increase in something. This semantic complexity necessitates exercises that not only teach the definitions but also encourage learners to identify context clues.

Additionally, phrasal verbs often do not follow grammatical rules consistently, making memorization difficult without contextual reinforcement. The separability of some phrasal verbs (e.g., "turn off the light" vs. "turn the light off") adds another layer of complexity that exercises must address.

Types of English Phrasal Verbs Exercises

The diversity of exercises available for phrasal verbs helps cater to different learning styles and proficiency levels. From fill-in-the-blank tasks to interactive quizzes, these exercises aim to build familiarity and confidence.

1. Fill-in-the-Blank Exercises

These exercises challenge learners to supply the correct phrasal verb or particle based on context. They are effective for testing recognition and recall. For example:

- "She decided to _____ smoking last year." (Answer: give up)

This format encourages learners to reflect on the semantic fit and syntactic structure of phrasal verbs in sentences.

2. Matching Exercises

Matching activities pair phrasal verbs with their meanings or example sentences. This method facilitates associative learning, which is essential for vocabulary retention.

3. Sentence Transformation Exercises

These involve rewriting sentences by replacing single-word verbs with appropriate phrasal verbs or vice versa. This practice enhances learners' flexibility and deepens their understanding of phrasal verb usage.

4. Multiple Choice Quizzes

Multiple choice formats test recognition and comprehension of phrasal verbs in various contexts. The immediate feedback often provided by digital platforms aids in reinforcing correct usage.

5. Contextual Reading and Cloze Tests

Cloze exercises remove phrasal verbs from a text, requiring learners to infer the missing components from surrounding context. This format simulates real-world language use and improves inferencing skills.

Evaluating the Effectiveness of English Phrasal Verbs Exercises

The success of phrasal verb exercises largely depends on their design and integration into a broader learning strategy. Research into language acquisition suggests that repetitive exposure combined with meaningful context leads to better retention and application.

For example, studies comparing rote memorization with contextual learning indicate that exercises embedding phrasal verbs in narratives or dialogues yield higher engagement and practical understanding. This is because learners can associate the phrasal verb with situations they might encounter, making recall more intuitive.

Moreover, digital tools offering adaptive learning paths can personalize english phrasal verbs exercises, addressing individual learner weaknesses and pacing progress accordingly. Platforms that incorporate audio and visual elements further enhance comprehension by providing pronunciation practice and situational cues.

Pros and Cons of Different Exercise Types

- **Fill-in-the-blank:** Pros include focused practice and ease of scoring; cons involve potential for guessing without true understanding.
- **Matching:** Pros are simplicity and reinforcement of meaning; cons include limited depth and potential for superficial learning.
- **Sentence transformation:** Pros involve active manipulation of language structures; cons are higher difficulty, which may frustrate beginners.
- **Multiple choice:** Pros include quick assessment and feedback; cons may be the risk of passive guessing.
- **Cloze tests:** Pros include contextual learning and inference skills; cons are that they may be challenging for lower proficiency levels.

Integrating English Phrasal Verbs Exercises into Language Learning Programs

For educators and curriculum designers, selecting appropriate phrasal verbs exercises requires balancing challenge and accessibility. A progressive approach that starts with recognition and moves towards production is often most effective. For example, initial lessons might focus on matching and fill-in-the-blank exercises, gradually incorporating sentence transformation and contextual cloze tests as learners advance.

Peer collaboration can also enhance the learning experience. Group activities involving phrasal verbs encourage discussion and explanation, which reinforce retention through teaching others. Additionally, incorporating multimedia resources such as videos, podcasts, and interactive apps can diversify exposure and appeal to various learning preferences.

Technology's Role in Enhancing Phrasal Verb Practice

The rise of digital learning platforms has revolutionized how english phrasal verbs exercises are delivered. Language apps often feature gamified exercises that increase motivation and engagement. Instant feedback mechanisms help learners correct mistakes

on the spot, preventing the fossilization of errors.

Artificial intelligence-powered tools can analyze learner responses to identify common errors or misconceptions related to phrasal verbs, enabling tailored recommendations. Moreover, speech recognition technology allows practice of pronunciation and intonation, crucial for communicative competence.

Conclusion: The Path to Mastery Through Targeted Exercises

Mastering phrasal verbs remains one of the more intricate challenges in English language learning. However, the strategic use of English phrasal verbs exercises—carefully chosen and contextually grounded—can substantially improve learners' command over these idiomatic constructs. Whether through traditional worksheets or cutting-edge digital platforms, consistent practice that emphasizes contextual understanding and active usage equips learners to navigate the nuances of everyday English with greater confidence and fluency.

english phrasal verbs exercises: Phrasal Verb Annabelle Jenkins, 2017-06-04 Every day all around the world, learners of the English language are constantly battling with those irksome multiple word verbs which we all refer to as phrasal verbs. This book has been written as a guide on how to use two hundred commonly used phrasal verbs by way of exercises. There is also a glossary which goes more into detail on their usage along with plenty more examples. It is always best to learn phrasal verbs in a natural context through natural speech. Without context, phrasal verbs mean nothing. Level B1 to C1 grammar is continuously used throughout the book to enable learners to learn not only phrasal verbs in a natural context but also to become more acquainted with grammar structures. The author has not gone into detail about how to remember which particle goes with which verb. There are ongoing debates among linguists about whether or not this makes a complicated situation even more complicated. It does nothing to speed up the learning process if the student has to waste time trying to decipher particles before he or she starts to speak. Phrasal verbs are picked up naturally as students slowly progress in their studies. Remember, out of context even native speakers are unable to decipher their meanings.

english phrasal verbs exercises: English Idioms , 1991

english phrasal verbs exercises: English for Everyone English Phrasal Verbs DK, 2021-03-04 PLEASE NOTE - this is a replica of the print book and you will need a pen and paper to complete the exercises. Learn more than 1,000 of the most common and useful English phrasal verbs using the effective English for Everyone visual method. Phrasal verbs (two- or three-part verbs

such as put off, put on, put up with) are incredibly useful, but notoriously difficult to learn. English for Everyone: Phrasal Verbs uses the same combination of visual teaching and crystal-clear definitions as the rest of the English for Everyone series to make one of the most difficult aspects of learning English much easier. More than 1,000 phrasal verbs are presented in context, together with easy-to-understand definitions and attractive illustrations. Each teaching module is based around a practical or everyday topic (such as technology, relationships, or work) and is followed by practice exercises to help students remember what they have just learned. At the front of the book, a short grammar section shows learners how phrasal verbs work.

english phrasal verbs exercises: Phrasal Verbs Michael Barlow, Stephanie Burdine, 2006-12 Phrasal Verbs in American English provides useful information and guided exercises for ESL/EFL language learners. The contents of Phrasal Verbs come from written and spoken corpora of American English. The most frequent phrasal verbs are taught along with their associated words (collocates). This means that rather than focussing on a phrasal verb such as get into, this book covers common phrases: get into an argumen, get into trouble, etc. Thus the book covers the phrasal verbs and phrases that the learner is likely to meet in everyday situations.

english phrasal verbs exercises: Phrasal Verbs Masterclass: Learn English Grammar & English Speaking: Includes Phrasal Verbs Exercises Marc Roche, 2018-10-31 Phrasal verbs are essential in order to improve your spoken and written English, as well as your listening comprehension, grammar and vocabulary skills for the exam. english phrasal verbs exercises: *English Word Combinations: Essential Guide to Vocabulary Building* Pasquale De Marco, 2025-05-11 English Word Combinations: Essential Guide to Vocabulary Building is the ultimate guide to mastering English word combinations for effective communication. Whether you're a student, a professional, or simply someone who wants to enhance their vocabulary and writing skills, this comprehensive book has everything you need. With clear explanations, engaging examples, and practical exercises, English Word Combinations: Essential Guide to Vocabulary Building will help you build a strong foundation in English vocabulary and usage. In today's fast-paced world, it's more important than ever to be able to communicate clearly and effectively. Whether you're writing an email, giving a presentation, or simply having a conversation, the words you choose can make all the difference. English Word Combinations: Essential Guide to Vocabulary Building will help you expand your vocabulary, improve your grammar, and develop the confidence you need to communicate with clarity and precision. Inside English Word Combinations: Essential Guide to Vocabulary Building, you'll find: * **In-depth coverage of collocations, phrasal verbs, idioms, and fixed expressions.** You'll learn how to use these essential building blocks of language to enhance your writing and speaking skills. * **A focus on grammar and usage.** You'll get a thorough review of the basics of English grammar, as well as guidance on how to avoid common errors. * **Practical exercises and activities.** Each chapter includes plenty of opportunities to practice what you've learned, so you can reinforce your understanding and build your skills. With English Word Combinations: Essential Guide to Vocabulary Building, you'll be well on your way to mastering English word combinations and taking your communication skills to the next level. Whether you're a native English speaker or a learner from another language, English

Word Combinations: Essential Guide to Vocabulary Building is the perfect resource for anyone who wants to improve their vocabulary and communication skills. With its clear explanations, engaging examples, and practical exercises, English Word Combinations: Essential Guide to Vocabulary Building will help you build a strong foundation in English and achieve your communication goals. Unlock the power of words with English Word Combinations: Essential Guide to Vocabulary Building today! If you like this book, write a review on google books!

english phrasal verbs exercises: Contrastive Grammar and Exercises English-German Anneliese Sartori Stein, 1982-12-31 The objective of the book is to contrast certain grammatical phenomena in English and German. A cognitive approach is used. Students are presented with the rules of English grammar, then with the German equivalent. The learner then proceeds with exercises. The book focuses on those parts of German grammar that are a particular problem to native speakers of English and usually the source of the most frequent mistakes. The book may be used for self-study since a key is provided. The exercises reflect normal spoken (and written), situational German.

english phrasal verbs exercises: Business Phrasal Verbs Stephanie Burdine, Michael Barlow, 2008-02 Business Phrasal Verbs (CorpusLAB Series) contains explanations and exercises related to the most common phrasal verbs used in Business English. The book also covers common phrases and collocations used in Business English. So, for example, the book covers not just a phrasal verb like put in but phrases such as put in a bid. The book is informed by the analysis of American English used in business situations and the example sentences used in the book are based on real language.

english phrasal verbs exercises: Visual Phrasal Verbs David Nicholls, 2019-05-10 This book has been written as a learning aid for EFL students (English as a Foreign Language). It is geared towards upper-intermediate and advanced students, and the first half goes over the most common verbs (e.g. come, bring, put, and make) while the second half runs through the most common prepositions (e.g. up, down, with, and on). The phrasal verbs are grouped together to make them sink in quicker. Multiple images are included in every chapter to draw out the various shades of meaning and to make the words easier to memorize. Each chapter has at least one vocabulary table, one micro-text, one short exercise, and several striking images. At the end of the book, the vocabulary is revised in a number of exercises for antonyms and synonyms. For learners who are hungry for extra resources, there is a playlist on YouTube with almost 100 video lessons ('Learn Phrasal Verbs') that focus on the same vocabulary. This coursebook, combined with the videos, is ideal for self-study, but it could also be used in the classroom.

english phrasal verbs exercises: Phrasal Verbs Carl W. Hart, 2020-11-03 Updated to reflect questions found on the most recent ESL tests, this book presents 400 common phrasal verbs as they are used in everyday English. Phrasal verbs are verbs combined with prepositions or adverbs. Familiarity with phrasal verbs and understanding their use as nouns (breakup, showoff, etc.) or adjectives (spaced-out, broken-down, stressed-out, and many others) is essential to ESL students. Updated information includes: the most commonly used phrasal verbs; activities and examples that reflect our current technology and the world around us; an expanded introduction for the teacher with a thorough breakdown and explanation of phrasal verbs; and, a discussion of separable and inseparable phrasal verbs in Unit I, and more. This book's hundreds of examples in context and hundreds of exercises will be extremely useful to ESL students who are preparing for TOEFL or who simply wish to improve their English.

english phrasal verbs exercises: Diccionario de 5000 verbos compuestos (y modismos) inglés a español Edward R. Rosset, 1995-01-01

english phrasal verbs exercises: English Camp Thailand Marco Bussanich, 2018-02-06 Around the world, numerous students attend English camps held during summers and holidays. Most of them are attended by students who possess a wide variety of English-speaking abilities, making it challenging to find material that works for beginner, intermediate, and advanced students. The first book in a series of English language guides, Thai English Camp answers that need. It uses the histories, geographies, and stories of Thailand to make fun and interesting English lessons.

Including three different sections beginner, intermediate, and advanced so as to provide material for all levels of students at an English camp, these lessons provide students with plenty of opportunities to speak, read, and write in English. Author Marco Bussanich has taught at four such camps in both his native Vancouver and in Southeast Asia, and he relies on his experience to produce a guide tailored for all stages of ESL learning. The book can also be used as an ESL text. Covering a wide range of skill levels, this English language textbook presents a series of lessons designed for students learning English as second language. Listen to Marco talk astronomy at, www.marcosastrotalk.com.

english phrasal verbs exercises: *Practice Makes Perfect: English Verbs, Third Edition* Loretta S. Gray, 2019-01-04 Build your English skills with this bestselling guide to English verbs! Knowing when and why to use certain verbs can be confusing. This easy-to-use book explains everything you need to know to develop a solid understanding of English verbs. There are plenty of clear examples and tons of practice exercises to help you build your English skills and gain the confidence to choose the right verb for every situation. english phrasal verbs exercises: *Language Teaching and Language Technology* Arthur van Essen, Sake Jager, John Nerbonne, 2014-03-05 This text assesses the importance of language technology to increasingly popular computer-assisted language learning work. The book contains writings on pronunciation, vocabulary, grammar, reading, writing, testing, distance learning and user studies.

english phrasal verbs exercises: *English for academic purposes : learning english through the web* Barahona Fuentes, Claudia; Arnó Macià, Elisabet,, 2001 This is a virtual elective course for university students who need to use English in their academic work. This means that this subject is not related to a particular degree course (engineering, biology, law, etc.) but it aims to help students develop their language learning skills and at the same time to foster extensive practice in language use, with the Internet as the basic learning tool. Therefore, this is an instrumental course which is essentially practical and emphasizes communication rather than language study. It differs from a traditional language course in that it has been designed basically as a tool to help students learn to learn English. That is to say, the syllabus is not based on specific language content graded in terms of difficulty, but it is composed of a series of practical activities to encourage students to learn English effectively and independently, by choosing materials suited to their level of English and to their learning style. For this reason, this course can be taken by students with different levels of English as long as they are familiar with the basic structures of the language and can more or less communicate in English

english phrasal verbs exercises: *English Profile in Practice* Julia Harrison, Fiona Barker, 2015-02-26 This volume provides an introduction to the English Profile Programme and discusses its latest findings. *English Profile in Practice* is an essential resource for teachers, syllabus designers, educational planners, language testers, and other ELT professionals working with the Common European Framework of Reference (CEFR). It includes: information about the English Vocabulary Profile, which describes the words and phrases learners of English know and use at each level of the CEFR; fascinating insights into the English Grammar Profile, exploring what it means to develop grammatical proficiency; discussion about what language learners' output 'looks like' at each of the CEFR levels; and information about how English Profile research is being used in the field of ELT.

english phrasal verbs exercises: *Prepositions* Barron's Educational Series, Jean Yates, 2020-11-03 Barron's ESL Proficiency Series: *Prepositions* provides comprehensive coverage of this most difficult topic in English grammar. The idiosyncratic nature of prepositions often makes them a barrier to achieving English language proficiency. Jean Yates offers clear explanations with lots of examples and opportunities to practice. Content is organized into simple 15-minute units each of

which has its own practice exercises. An answer key is included in the back of the book. The ESL Proficiency Series is a valuable tool for ESL teachers, tutors and learners who want to advance their English language skills for work, school or to prepare for proficiency tests such as TOEFL, IELTS, or TOEIC. It is ideal for independent study.

english phrasal verbs exercises: Objective First Teacher's Book with Teacher's Resources Audio CD/CD-ROM Annette Capel, Wendy Sharp, 2012-01-19 Third edition of the best-selling Cambridge English: First (FCE) course. The syllabus for this exam has changed and this book has now been replaced by 9781107628359 Objective First Fourth edition Teacher's Book with Teacher's Resources CD-ROM.

english phrasal verbs exercises: Language in Use Intermediate Self-study Workbook with Answer Key Adrian Doff, Christopher Jones, 1994-07-21 A popular and highly acclaimed four level course which both interests and stretches learners.
