take me to the river al green: *In the Country of Women* Susan Straight, 2019-08-06 One of NPR's Best Books of the Year "Straight's memoir is a lyric social history of her multiracial clan in Riverside that explores the bonds of love and survival that bind them, with a particular emphasis on the women's stories . . . The aftereffect of all these disparate stories juxtaposed in a single epic is remarkable. Its resonance lingers for days after reading." —San Francisco Chronicle *In the Country of Women* is a valuable social history and a personal narrative that reads like a love song to America and indomitable women. In inland Southern California, near the desert and the Mexican border, Susan Straight, a self-proclaimed book nerd, and Dwayne Sims, an African American basketball player, started dating in high school. After college, they married and drove to Amherst, Massachusetts, where Straight met her teacher and mentor, James Baldwin, who encouraged her to write. Once back in Riverside, at driveway barbecues and fish fries with the large, close-knit Sims family, Straight—and eventually her three daughters—heard for decades the stories of Dwayne's female ancestors. Some women escaped violence in post-slavery Tennessee, some escaped murder in Jim Crow Mississippi, and some fled abusive men. Straight's mother-in-law, Alberta Sims, is the descendant at the heart of this memoir. Susan's family, too, reflects the hardship and resilience of women pushing onward—from Switzerland, Canada, and the Colorado Rockies to California. A Pakistani word, *biraderi*, is one Straight uses to define a complex system of kinship and clan—those who become your family. An entire community helped raise her daughters. Of her three girls, now grown and working in museums and the entertainment industry, Straight writes, "The daughters of our ancestors carry in their blood at least three continents. We are not about borders. We are about love and survival." "Certain books give off the sense that you won't want them to end, so splendid the writing, so lyrical the stories. Such is the case with Southern California novelist Susan Straight's new memoir, *In the Country of Women* . . . Her vibrant pages are filled with people of churned-together blood culled from scattered immigrants and native peoples, indomitable women and their babies. Yet they never succumb . . . Straight gives us permission to remember what went before with passion and attachment." --Los Angeles Times

take me to the river al green: Remain in Love Chris Frantz, 2020-07-21 Two iconic bands. An unforgettable life. One of the most dynamic groups of the '70s and '80s, Talking Heads, founded by drummer Chris Frantz, his girlfriend Tina Weymouth, and lead singer David Byrne, burst onto the music scene, playing at CBGBs, touring Europe with the Ramones, and creating hits like "Psycho Killer" and "Burning Down the House" that captured the post-baby boom generation's intense, affectless style. In *Remain in Love*, Frantz writes about the beginnings of Talking Heads—their days as art students in Providence, moving to the sparse Chrystie Street loft Frantz, Weymouth, and Byrne shared where the music that defined an era was written. With never-before-seen photos and immersive vivid detail, Frantz describes life on tour, down to the meals eaten and the clothes worn—and reveals the mechanics of a long and complicated working relationship with a mercurial frontman. At the heart of *Remain in Love* is Frantz's love for Weymouth: their once-in-a-lifetime connection as lovers, musicians, and bandmates, and how their creativity surged with the creation of their own band Tom Tom Club, bringing a fresh Afro-Caribbean beat to hits like "Genius of Love." Studded with memorable places and names from the era—Grace Jones, Andy Warhol, Stephen Sprouse, Lou Reed, Brian Eno, and Debbie Harry among them—*Remain in Love* is a frank and open memoir of an emblematic life in music and in love.
