insider's look at story behind the longest running situation comedy in British television history. Quite simply, *Last of the Summer Wine* is the longest-running comedy programme in the world. It premiered thirty-seven years ago, in 1973, and, after thirty-one series it finally came to an end—even though all its original protagonists—Compo, Foggy, even Nora Batty—are now dead. Remarkably, for a series of such longevity and international appeal, it is all about elderly people, has little action or plot, and is set and filmed in and around the small Yorkshire town of Holmfirth. Now, Andrew Vine, the deputy editor of Yorkshire's daily newspaper, has written the definitive history of this television phenomenon. It covers the show's inauspicious beginnings, with low ratings, its endless reinvention as participants like Bill Owen, Michael Bates, Brian Wilde and Kathy Staff retired or died, the appearance of a string of guest stars from John Cleese and Norman Wisdom to Thora Hird and Russ Abbott (both of whom soon found themselves fixtures in the cast), and the ingenious plot contrivances as the protagonists became too old and frail to attempt any of the slapstick stunts with runaway prams—indeed any outdoor action. The town of Holmfirth is now a year-round tourist attraction, and the endless availability of the show via streaming, ensures that *Last of the Summer Wine*, and the book it inspired, will live on for generations of fans.

bill owen last of the summer wine: *Never Again* David Renton, 2018-12-07 By 1976, the National Front had become the fourth largest party in Britain. In a context of national decline, racism and fears that the country was collapsing into social unrest, the Front won 19 per cent of the vote in elections in Leicester and 100,000 votes in London. In response, an anti-fascist campaign was born, which combined mass action to deprive the Front of public platforms with a mass cultural movement. Rock Against Racism brought punk and reggae bands together as a weapon against the right. At Lewisham in August 1977, fighting between the far right and its opponents saw two hundred people arrested and fifty policemen injured. The press urged the state to ban two rival sets of dangerous extremists. But as the papers took sides, so did many others who determined to oppose the Front. Through the Anti-Nazi League hundreds of thousands of people painted out racist graffiti, distributed leaflets and persuaded those around them to vote against the right. This combined movement was one of the biggest mass campaigns that Britain has ever seen. This book tells the story of the National Front and the campaign which stopped it.
